The Eucharistic Debate in Tudor England Amanda Wrenn Allen, 2018-08-15 In 1550 51 English Archbishop of Canterbury Thomas Cranmer engaged in a debate with Bishop Stephen Gardiner Archbishop Cranmer was asserting a new Reformed view for England s Eucharist theology but he faced opposition from England s leading traditional theologian Gardiner Gardiner remained faithful to the traditional doctrine of transubstantiation while Cranmer was formulating a Spiritual Presence theology This book analyzes the debate asking how both Cranmer and Gardiner arrived at opposing theologies despite being involved similarly in English religion and politics To answer the question the book examines each author s use of scripture continental Reformers and early Church Fathers The book also argues that the personal and political context surrounding the two men shaped the nature of the theological debate While trying to push Edward VI s England toward greater Reformation Cranmer faced continued opposition from Gardiner who was imprisoned throughout Edward s reign Gardiner sought release from prison and a return to authority while Cranmer sought validation for his new theology and its associated legislation To counter Gardiner s challenge Cranmer had to create a clear Eucharistic theology This political and personal climate therefore forced Cranmer to create England s Spiritual Presence theology by 1552 that was adopted in the 1558 Elizabethan Settlement and Anglican Church It was this debate that set Anglicanism for England

The Catholic Rubens Willibald Sauerlander, 2014-04-15 The art of Rubens is rooted in an era darkened by the long shadow of devastating wars between Protestants and Catholics In the wake of this profound schism the Catholic Church decided to cease using force to propagate the faith Like Gian Lorenzo Bernini Peter Paul Rubens 1577 1640 sought to persuade his spectators to return to the true faith through the beauty of his art While Rubens is praised for the baroque passion in his depictions of cruelty and sensuous abandon nowhere did he kindle such emotional fire as in his religious subjects Their color warmth and majesty but also their turmoil and lamentation were

calculated to arouse devout and ethical emotions This fresh consideration of the images of saints and martyrs Rubens created for the churches of Flanders and the Holy Roman Empire offers a masterly demonstration of Rubens's achievements liberating their message from the secular misunderstandings of the postreligious age and showing them in their intended light
