Mist & Dawn Patty Jansen,2024-09-18 A fisherwoman finds a dead man on a tiny offshore island with no clue about how the man got there A camel driver deep in the northern desert rescues a man who speaks no known language but is clearly well educated An ancient sect that was considered close to extinct sucks in all the land s young people and creates tension that may well lead to a civil war And the old astrologer to the court a weaselly and much maligned relic of old times might have hidden for twenty years evidence that those things are connected An epic saga of magic turned technology power and

discovery *Ambassador 7: The Last Frontier* Patty Jansen, 2017-08-15 Never has there been more at stake for the people on Earth. The referendum question is simple: does Earth join Gamra, the organisation that governs the Exchange, the FTL space travel network? While a yes vote would mean big changes, a no vote would leave Earth isolated and alone to face those waiting to fill the void, and those dark forces are already on the prowl. Cory is one of the few people who can see the big picture, not just those campaigning for the no vote but the off-Earth forces that wait behind them. But he and his team went on a holiday to New Zealand, and communication has been mysteriously cut off. Someone is taking control of communication channels, bringing the yes campaign to its knees. And by the time Cory is aware that the race is on, the only avenue open to him is a hard-hitting negative campaign that requires him to go into the lion's den, the homelands of the obscenely rich members of the Pretoria Cartel, where gun-crazy hunters, lions, and elephants are just the start of his problems. A science fiction thriller that will appeal to readers of C. J. Cherryh's science fiction, Lois McMaster Bujold's Miles series, Lindsay Buroker, Alastair Reynolds, and Ann Leckie.
