Smithsonian Institution,1896      **Annual Report of the Board of Regents of the Smithsonian Institution** Smithsonian  
Institution. Board of Regents,1896      Uncertain Climes Joseph Giacomelli,2023-04-05 Uncertain Climes looks to the late  
nineteenth century to reveal how climate anxiety was a crucial element in the emergence of American modernity Even people  
who still refuse to accept the reality of human induced climate change would have to agree that the topic has become  
inescapable in the United States in recent decades But as Joseph Giacomelli shows in Uncertain Climes this is actually  
nothing new as far back as Gilded Age America climate uncertainty has infused major debates on economic growth and  
national development In this ambitious examination of late nineteenth century understandings of climate Giacomelli draws on  
the work of scientists foresters surveyors and settlers to demonstrate how central the subject was to the emergence of  
American modernity Amid constant concerns about volatile weather patterns and the use of natural resources nineteenth  
century Americans developed a multilayered discourse on climate and what it might mean for the nation s future Although  
climate science was still in its nascent stages during the Gilded Age fears and hopes about climate change animated the  
overarching political struggles of the time including expansion into the American West Giacomelli makes clear that  
uncertainty was the common theme linking concerns about human induced climate change with cultural worries about the  
sustainability of capitalist expansionism in an era remarkably similar to the United States unsettled present      *The Hydroids*

Siringo,2023-11-22 50 WESTERNS Vol 2 serves as an expansive tapestry of the American frontier weaving together a  
collection that spans a vibrant range of literary styles from the gritty realism of pioneer life to the mystifying allure of the  
untamed West This anthology encapsulates the diverse narratives and complex characters that have come to define the  
Western genre showcasing notable works that reflect the period s fluctuating social attitudes and evolving cultural identity  
Each story while unique in voice and perspective contributes to a larger dialogue on themes of adventure lawlessness  
morality and survival offering readers a comprehensive insight into the multifaceted landscape of American literature The  
contributing authors a conglomerate of seminal figures and unsung heroes of the Western literary canon bring together a  
rich historical and cultural background Figures like Karl May Zane Grey and Willa Cather among others represent the  
backbone of the genre their works acting as pivotal explorations of frontier life and its overarching mythos This collection in

its assembly of authors aligns with and contributes to the understanding of various literary movements from romanticism to realism reflecting the transformative nature of American society and the indelible imprint of the West on the nation's collective imagination For enthusiasts and scholars alike 50 WESTERNS Vol 2 presents an unparalleled opportunity to delve into the heart of American literary tradition Through its curated selection readers are invited to traverse the rugged landscapes of the West engage with its dynamic characters and contemplate its enduring themes This anthology not only serves as an educational resource but also as a testament to the genre's evolution its ability to foster a dialogue among diverse narratives and its power to captivate imaginations across generations
