

## Background to Gandhi

### **South Africa**

- India and South Africa were British colonies – much like Canada was
- Indians had been brought to South Africa by the British as labourers and merchants
- They were set apart as “coloureds” and given more privileges than blacks but fewer privileges than whites
- e.g. they could not ride in 1<sup>st</sup> class train compartments

### **Gandhi**

- Educated in London – became a lawyer there
- He was not aware of the social conditions in South Africa until he moved there to take a job at an Indian law firm
- South Africa was where he first used the tactics of civil disobedience

### **India**

- Britain ruled India from 1858 to 1947
- Society was strictly segregated into castes for hundreds of years before British rule
- The two main religious groups in India are the Hindus and Muslims
- There were tensions and hostility between these 2 groups before British rule
- The British actually encouraged this hostility since they believed it would prevent all Indians from uniting against Britain
- This was actually a policy known as “Divide and Rule”
- For centuries, spinning cloth had been a cottage industry in India – families spun cloth for their own clothes and made money selling leftover cloth
- This ended with British rule and the invention of the power loom
- All spinning was done in Britain in large factories and this drained wealth from India
