Aroused by the massacre of Amritsar in 1919, Gandhi devoted his life to gaining India's independence from Great Britain. As the dominant figure used his persuasive philosophy of non-violent confrontation, he inspired political activists with many persuasions throughout the world (Andrews 23). Not only was Mahatma Gandhi a great peacemaker, but also his work to achieve freedom and equality for all people was greatly acknowledged. Gandhi's unconventional style of leadership gained him the love of a country and eventually enabled him to lead the independence movement in India.

Mohandas Gandhi, later called Mahatma Gandhi, was born on October 2, 1869 in Porbandar, which is the present day state of Gujarat, India (Andrews 17). He grew up in a very controlled family that had an alliance with the family ruling Kathiawad. He was engaged to two other women who both died, then he eventually married Kasturba at the age of 13. Gandhi sailed to England to attend University College in London to study law (Kamat's Potpourri). In 1891, he was able to practice in the British bar. Gandhi went back to India and tried to authorize a law practice in Bombay, with very little achievement.

Two years later, an Indian firm with curiosity in South Africa had an office in Durban where Gandhi was commissioned as legal advisor. This is where he lived for twenty years once he began his job doing labor on the sugar estates in South Africa (Moreorless). As soon as he arrived in Durban, he found himself being treated as if he was not human. The Africans forbade fundamental individual rights and political rights from the Indian immigrants. This conduct resulted in Gandhi's outburst in fury towards the African's reactions to Indian immigrants to South Africa.

He then began a civil right's campaign, which resulted in the development of his passive resistance policy, which eventually inspired thousands. The Union of South Africa government adjusted Gandhi's demands, which included recognition of Indian marriages and abolition of the poll tax (Kamat's Potpourri). When this man saw how terrible people were being treated because of diversity he said, "There is nothing that wastes the body like worry, and one who has any faith in God should be ashamed to worry about anything whatsoever." (Gold 231). By saying that, he meant that no one should worry about where they stand in society or how they are judged because in God's eyes everyone is perfect and everyone is equal therefore, no one who has any faith in God should be worrying about their so called "imperfections." This great man struggled to gain the important rights for all Indians, and this is where it all began. Once Gandhi's mission in South Africa was complete, he returned to India and became involved in the home ruling movement. He was concerned with excessive land tax and discrimination, so he organized protests by peasants, farmers, and urban laborers to help them stand tall and

Indira Files: A Critical Look At The Controversial Side of Indira Gandhi Vishnu Sharma, 2023-12-21 Analyze the controversial side of Indira Gandhi's political legacy with Indira Files offering a critical examination of her leadership and policies I have always felt that Indira Gandhi is the exceptional and foremost example of the dynastic politics of independent India She is a perfect example of dynastic rule on one hand she is called the Iron Lady on the other hand people pay tribute to her dictatorship for imposing emergency in the country Where on one hand Indira Gandhi carved her name in golden letters in Indian history by dividing Pakistan into two on the contrary she has also endured the slogans like Sanjay ki mummy badi nikammi for blindly loving her son like Gandhari loved Duryodhana Nonetheless we cannot forget that it was Indira

Gandhi who gave wings to India's strength and courage by conducting the Nuclear Test however she was also the Prime Minister for whom the High Court issued orders to be removed from her office In fact Indira Gandhi is merely a symbol of dynasty politics The point here is to remind the young people that they cannot strive for ideal politics by idolising those who have flourished through family inheritance of post or position In today's scenario there are numerous political parties that operate under a single family's control Although I hold great admiration for Indira Gandhi however her darker side is perhaps more prominent Hence I believe that young aspirants who are interested in politics can learn valuable lessons from this book on what not to do *Law Audience's Digest* Adv.
