rights and family issues It frames critical analysis of bill sponsorship and the participation levels and verbal contributions of legislators during floor debates on legislation affecting women Using a mixed method approach the author gives insight into how feminism is integrated into real time public policy discourse The book begins with a brief overview of feminist advocacy and activism and State feminism in Jamaica and an introduction to the country s Parliamentary system It then moves to a theoretical discussion of feminist advocacy within public policy debates The next two chapters present a time series analysis of bill introduction and floor debates on women s interests and issues legislation from 1962 through 2017 The concluding chapter ties up the research and provides recommendations for moving forward Combining feminist theory with a detailed view of Jamaican Parliamentary procedure and debate this book will be useful to students and researchers interested in feminist advocacy and activism minority representation democratic governance and women in politics

Spatial Sense Makes Math Sense Catheryne Draper,2017-12-08 **Spatial Sense Makes Math Sense** How Parents Can Help Their Children Learn Both brings the strengths of both algebra arithmetic and geometry into focus by showing how spatial relationships can make both make more sense Parents will learn how to further develop and improve their child s spatial sense using visual spatial strategies of classifying drawing diagrams big idea concept building visualizing and more As Sawyer encourages Even if the pictures are not good the effort of making them will leave lasting traces in the mind and can cause the work to be remembered Whether you had a preference for geometry and endured algebra loved algebra and never understood geometry or were one of those people who never recognized a purpose for any of the math topics or in truth in any mathematics this book will show parents how developing spatial sense can help visually explain both algebra and geometry relationships You will read about Sophie Germain who believed that algebra and geometry worked hand in hand because as she described them algebra is written geometry and geometry is figured algebra

Trans-Generational Family Relations Isabelle Albert,Emily Abbey,Jaan Valsiner,2018-02-01 The present volume deals with the experience of ambivalence in family relations a well known phenomenon that has inspired more and more research and theorizing in the last years but that is however sometimes difficult to capture Bringing together junior and senior researchers from different parts of the world ideas on theory and research are elaborated following qualitative and quantitative approaches This book thus contributes to theory building as well as outlining research results and helping to develop measurement in interpersonal and intergenerational relations

Political Public Relations Jesper Stromback,Spiro Kioulos,2011-05-18 **Political Public Relations** maps and defines this emerging field bringing together scholars from various disciplines political communication public relations and political science to explore the area in detail The volume connects differing schools of thought bringing together theoretical and empirical investigations and defines a field that is becoming increasingly important and prominent It offers an international orientation as the field of political public relations must be studied in the context of various political and communication systems to be fully understood As a singular contribution to scholarship in public relations and political

communication this work fills a significant gap in the existing literature and is certain to influence future theory and research
