Guncrazy America Frank N. Egerton,2018-10-06 The conclusion of this professor historian emeritus is that our gun culture had its uses in establishing American civilization as slavery did But we came to recognize after a bloody civil war that slavery was a gigantic mistake and now I think it s time to realize that our gun culture was a similarly gigantic mistake though of a different kind And we need to do what we can to minimize its horrible impacts and move on to a more positive development of a humane civilization

American Heart of Darkness

Robert Kirkconnell, 2013-05-21 These days most Americans know that the country has serious problems Problems that will have to be addressed before the country can move forward What are these problems Where did they come from Before we can move forward we have to know where we are and how we got there American Heart of Darkness paints an unvarnished picture of the seeds of destruction that were sown into the foundations of the Republic from the very beginning How did slavery come about in the land of the free How did a pre Columbian native population in North America alone of over eighteen million yes you heard it right native peoples dwindle down to about two hundred thousand Was it really Small Pox Why has a people who constantly talk about freedom democracy equality human rights life liberty and the pursuit of happiness continually practiced racism genocide and war How do drugs come into the country and who is really behind the most profitable product sold in the world There are also other unanswered questions that need to be explored Why were thousands of the worst Nazi war criminals given refuge in the U S Who financed Hitler Where did Hitler get his master race and genocidal ideas from Was Lee Harvey Oswald a C I A agent Were Oswald Sirhan Sirhan Ted Kaczynski Timothy McVey and the Peoples Temple all mind control MKULTRA subjects What really happened in the Jeffery MacDonald so called Fatal Vision case How does hundreds of billions of dollars come into the United States every year without detection The answers to these questions and many more will surprise you They are not in the History books although they should be American Heart of Darkness Volume I explores the ugly side of America that has been hidden for far too long and it is literally killing us This book is not for the reader looking for an uplifting story to escape everyday life for a few hours It is for true patriots who are sick and tired of being lied to and stolen from It is for those who know they need to do something but do not know where to start It is for those who feel powerless and that Americas problems are far too big for little ol me to handle It is for those with the courage to go from darkness to light As comedian and activist Dick Gregory once said If you been in the DARK for so long LIGHT will hurt your eyes This book will hurt your eyes The reader will be shocked then angry then motivated and finally in the authors next two books empowered and liberated It is better to see where we are and where we need to go right now

before it is too late Congratulations If you have read this far this book is probably for you Please keep in mind the universal truth that with any form of government the leaders only have the power that the people allow them have This was true in India when a little skinny guy named Gandhi with no money and only a rag wrapped around his middle took on the British Empire and won There is no question that the American people have the power to reclaim a government that is clearly not being run for them We have to empower ourselves to take this government back from only a handful of selfish and greedy individuals who have proven that they only care about making more and more money Let us all stop giving them the power that belongs to us Reading this book is a beginning and then we will talk about what to do about it in the authors next two books

American Conspiracies Jesse Ventura, 2015-10-06 A New York Times Best Seller New York Times bestselling author Jesse Ventura is back with more conspiracies that our government wishes you didn't know about In this explosive account of wrongful acts and ensuing cover ups Jesse Ventura offers a different side to the stories we've all heard and read about in the history books He takes a look at the wide gap between what the government knows and what is revealed to the American people The media is complicit in these acts of deception often refusing to consider alternate possibilities and dismissing voices that diverge from public opinion He will look closely at the theories that have been presented over the years and examine the truth as well as the lies Ventura does not shy away from the tough questions As he states When I get denied something I do the opposite of getting intimidated I get angry Now with new conspiracies added including information on the CIA torture scandal and the financial meltdown of 2008 you will see how the United States government continues to abuse our civil liberties and why we need to continue to stand up for what we know is right You may not believe everything in *American Conspiracies* but it is guaranteed to make you think harder about everything you do believe Skyhorse Publishing as well as our Arcade imprint are proud to publish a broad range of books for readers interested in history books about World War II the Third Reich Hitler and his henchmen the JFK assassination conspiracies the American Civil War the American Revolution gladiators Vikings ancient Rome medieval times the old West and much more While not every title we publish becomes a national bestseller we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home

Hear No Evil Donald Byron Thomas,2013-09-01 Did a shot from the grassy knoll kill President Kennedy If so was Oswald part of a conspiracy or an innocent patsy Why have scientific experts who examined the evidence failed to put such questions to rest In 2001 scientist Dr Donald Byron Thomas published a peer reviewed article that revived the debate over the finding by the House Select Committee on Assassinations that there had indeed been a shot from the grassy knoll caught on a police dictabelt recording The Washington Post said The House Assassinations Committee may well have been right after all In *Hear No Evil* Thomas explains the acoustics evidence in detail placing it in the context of an analysis of all the scientific evidence in the Kennedy assassination Revering no sacred cows he demolishes myths promulgated by both Warren Commission adherents and conspiracy advocates and presents a novel and compelling reinterpretation of the single bullet theory More than a scientific tome *Hear No Evil* is a searing indictment of the government s handpicked experts who failed the public trust to be fair and impartial arbiters of the evidence

Watergate: The Hidden History Lamar Waldron,2013-06-01 A groundbreaking investigation into the events of the Watergate Scandal complete with fascinating new material all exhaustively researched in the author s customary style The New York Observer While Richard Nixon s culpability for Watergate has long been established what s truly remarkable is that after almost fifty years conventional accounts of the scandal still don t address Nixon s motive Why was President Nixon willing to risk his reelection with so many repeated burglaries at the Watergate and other Washington offices in just a few weeks What motivated Nixon to jeopardize

his presidency by ordering the wide range of criminal operations that resulted in Watergate What was Nixon so desperate to get at the Watergate and how does it explain the deeper context surrounding his crimes For the first time the groundbreaking investigative research in Watergate The Hidden History provides documented answers to all of those questions It adds crucial missing pieces to the Watergate story information that President Nixon wanted but couldn't get and that wasn't available to the Senate Watergate Committee or to Woodward and Bernstein This new information not only reveals remarkable insights into Nixon's motivation for Watergate but also answers the two most important remaining questions What were the Watergate burglars after And why was Nixon willing to risk his Presidency to get it Watergate The Hidden History reexamines the historical record including new material only available in recent years This includes thousands of recently declassified CIA and FBI files newly released Nixon tapes and exclusive interviews with those involved in the events surrounding Watergate ranging from former Nixon officials to key aides for John and Robert Kennedy This book also builds on decades of investigations by noted journalists and historians as well as long overlooked investigative articles from publications like Time magazine the Los Angeles Times and the New York Times

Dragonslayers Larry Schweikart, 2022-03-15 Donald Trump promised to Drain the Swamp by which he originally meant lobbyists When he got in he found an entirely different Swamp a Deep State that had grown layer upon layer within the government But he wasn't the first to encounter entrenched Swamp opposition Abraham Lincoln had to battle the Slave Power Conspiracy Grover Cleveland was the most successful of three presidents to fight the spoils Swamp Theodore Roosevelt found a new iteration of the Swamp awaiting him Trusts After World War II John F Kennedy discovered that he had little control over the Central Intelligence Agency and even found he needed the CIA for his own purposes Despite promising to shrink the bureaucracy Swamp Ronald Reagan found himself helpless to even make a dent in it And Trump soon learned that the Deep State could ensure no one ever brought any of its own to justice *Dragonslayers* explains why these Swamps exist and why they were and remain so hard to defeat

The Great Anglo-Celtic Divide in the History of American Foreign Relations Thomas A. Breslin, 2011-10-05 Positing that presidents shape America's foreign policy according to their ethnic heritage this intriguing volume examines two groups that have dominated the presidency and the distinctly different agendas

that have resulted How is American foreign policy determined The Great Anglo Celtic Divide in the History of American Foreign Relations approaches that question from a fascinating perspective arguing that to a large extent the answer lies in the ethnicity of the president To make its point this book examines the key foreign policies of American presidents from George Washington to George W Bush and shows how their most important foreign policy decisions have tended to follow an ethnic pattern The presidency has been dominated by Americans from English or Celtic backgrounds since the nation s founding and as readers will discover the foreign policies of the two groups have been very different To document those differences this book analyzes seven alternating periods of political domination by Anglo Americans and Celtic Americans demonstrating how the cycle of change affected the shape and distinguishing characteristics of U S foreign policy in matters of war and peace and in relations with other countries

Act of Retribution J.P. Phillips, 2010-03-17 My quest for an answer to the riddle of President Kennedys assassination first began in April 1967 following a talk given by Warren Commission critic and best selling author Mark Lane at Michigan State University where I was a graduate student My search has lasted well over twenty years Gathering every scrap of information I could find on the assassination I have arrived at what I believe is the most credible thesis to date As a result of meticulous research I am able to identify probable suspects in what I have come to believe was a far reaching conspiracy which involved not only renegade elements from the CIA and organized crime figures but one which extended to the highest echelons of the U S government By pulling together existing knowledge of the assassination while introducing new evidence my book focuses primarily on six main principals persons of interest their motives and their activities in relation to the assassination and the links that connect them

- 1 LEE HARVEY OSWALD Accused by the Warren Commission In 1964 of being the sole assassin of President Kennedy
- 2 JACK RUBY Dallas night club owner who two days following the Presidents assassination shot and killed Oswald
- 3 CARLOS MARCELLO Reputed crime boss of the New Orleans Dallas Mafia during the time of the assassination
- 4 GENERAL CHARLES PEARE CABELL Deputy Director of the CIA from 1953 to 1962 when he was dismissed by President Kennedy along with other high ranking intelligence officials for the failure of the Bay of Pigs invasion
- 5 EARLE CABELL Younger brother of General Charles P Cabell who was Mayor of Dallas the day President Kennedy was assassinated
- 6 FRED KORTH Fort Worth businessman and banker who was Secretary of the Navy from 1962 to October 1963 when he was forced by President Kennedy to resign for his involvement in the TFX controversy

As to the motives of those individuals involved in the Presidents murder I believe that the assassination was planned and carried out with a dual purpose in mind

- 1 as an act of vengeance by those ex high government officials who were dismissed by the President either for alleged wrongdoing as in the case of Fred Korth or for incompetence as in General Cabells case
- 2 to prevent the Presidents domestic and foreign policies particularly in reference to his stand on the Vietnam conflict from being implemented

Viewed in this light the assassination of President Kennedy was an act of retribution by a group of mean spirited vengeance seeking individuals who acted in the misguided belief that by

assassinating this president they were furthering the national interest Notwithstanding his immense popularity with the American people President Kennedy was perceived by his killers to be a clear and present danger to the country and to its interests at home and abroad for several reasons for his stand on civil rights and racial equality for his attempt to closely regulate the oil and gas industry for his desire to normalize relations with Cuba for his desire to ease tensions between the superpowers through a reduction in armaments for his crackdown on organized crime for his stated intention to withdraw U S forces from Vietnam Removing him from office by political murder therefore excused his killers in their own eyes from any wrongdoing for by killing this President they were convinced that they were acting in the national interest against the seemingly dangerous policies of a chief executive who if allowed to finish his presidency would lead the nation to ruin A wise mind will never censure anyone for having employed any extraordinary means for preserving a kingdom Believing like Machiavelli that they were acting to preserve and maint
