Jackson, 2024-08-15 Reprint of the original first published in 1841      *Luke the Historian of Israel's Legacy, Theologian of Israel's 'Christ'* David Paul Moessner, 2016-07-25 David Moessner proposes a new understanding of the relation of Luke s second volume to his Gospel to open up a whole new reading of Luke s foundational contribution to the New Testament For postmodern readers who find Acts a generic outlier dangling tenuously somewhere between the mainland of the evangelists and the Peloponnese of Paul diffused and confused and shunted to the backwaters of the New Testament by these signature corpora Moessner plunges his readers into the hermeneutical atmosphere of Greek narrative poetics and elaboration of multi volume works to inhale the rhetorical swells that animate Luke s first readers in their engagement of his narrative In this

collection of twelve of his essays re contextualized and re organized into five major topical movements Moessner showcases multiple Hellenistic texts and rhetorical tropes to spotlight the various signals Luke provides his readers of the multiple ways his Acts will follow all that Jesus began to do and to teach Acts 1:1 and consequently bring coherence to this dominant block of the New Testament that has long been split apart By collapsing the world of Jesus into the words and deeds of his followers Luke re configures the significance of Israel's Christ and the Reign of Israel's God for all peoples and places to create a new account of Gospel Acts discrete and distinctively different than the narrative of the many Luke 1:1 Luke the Historian of Israel's Legacy combines what no analysis of the Lukan writings has previously accomplished integrating seamlessly two generically estranged volumes into one new whole from the intent of the one composer For Luke is the Hellenistic historian and simultaneously biblical theologian who arranges the one plan of God read from the script of the Jewish scriptures parts and whole severally and together as the saving script for the whole world through Israel's suffering and raised up Christ Jesus of Nazareth In the introductions to each major theme of the essays this noted scholar of the Lukan writings offers an epitome of the main features of Luke's theological thought and in a final Conclusions chapter weaves together a comprehensive synthesis of this new reading of the whole

*Beta Earth: Legacy* J.R. Napier, 2014-10-25 Our heroes from Beta Earth Between Worlds return The now legendary status Clave The stronghearted Lana The ever vigilant Vin The young prodigy Anul The increasingly ambitious Gaidon The hopelessly desperate Abel and the alloy enhanced enigma Kamon All of them now older and more skilled Will be put to the ultimate test as they are dragged into an ever growing war for Paradise KIRKUS REVIEW The search for Paradise which people believe will be the only place to survive the fated collision between two inhabited planets leads to endless battles in Napier's Beta Earth Between Worlds 2.0 Edition 2014 etc latest sci fi outing This collection comprises three stories each drastically shorter than the last In the first Awakening Theia or Beta Earth initially the second chance planet has fallen prey to crimes and criminals that plague the original Earth The new utopia is Paradise which proves elusive Factions such as the United Federation a global military force and Final Bloodline a cult are hunting members of Project Guardian The members free of limiters which block people's true potential for power are more susceptible as vessels for Tryle a dormant messenger who will lead the way to Paradise Mercenary Clave tries to protect Raph who survived a UF attack on Beta Earth from succumbing to Tryle while dodging bounty hunter Gene who's out for revenge Awakening is

sometimes disjointed coming across as a series of smaller battles with little story progression There likewise isn't resolution by the end which feels like the conclusion of a chapter rather than a story The sometimes lethal clashes though are entertaining resembling Dungeons those in confrontations generally one on one will often score a hit or blow The second story System Failure is more focused zeroing in on Montello a small but notable character in Awakening who helps hackers work remotely He recruits them for an assault against the government and incurs the wrath and eventual retribution of Kid Vicious whom Montello embarrassed during a display of skills The exhilarating System Failure features numerous references to earlier characters The much shorter final yarn A Boy and His Cat spotlights Travis a significant character in a prior story under another name who endures a tragic event that ultimately leads to his powerful status later in life Disjointed storylines don't diminish Napier's endearing and contagious adoration of the sci-fi genre The book is not your average read If I may use a tree analogy It's like reading different branches that form into a solid structure and dig to the roots Be brave Give it a chance and it will take you to the heights of euphoria JR Napier

LEGACY POETRY PLANET Group of Poets, 2019-10-06 Lines A Writer's Legacy Lines such a simple word Yet with such a profound meaning Profound because different people have different connotations of this word It can be anything in a person's imagination Like the borderline between the sea and the sky The outline of stars in the canopy of clouds The lining of the moon's glow from above It may be some structure The stanza completing a poet's verse The hues shading a painter's sketch A road toward someone's journey Lines have some beginnings and some endings some starting and some finishing thread in the tapestry of life Lines I think of it in terms of melody of a symphony of harmony that's the line of thought of a writer I also think of it as a pathway an alley that allows me to travel into a thousand dreams Life is a journey travel a tour a destiny The lines that we frequently walk on fall on stand on are the ones we most cherish and treasure much
