very minor spoilers for the book *The Bands of Mourning* *Mistborn Secret History* builds upon the characterization events and worldbuilding of the original trilogy Reading it without that background will be a confusing process at best In short this isn't the place to start your journey into *Mistborn* Though if you have read the trilogy but it has been a while you should be just fine so long as you remember the characters and the general plot of the books Saying anything more here risks revealing too much Even knowledge of this story's existence is in a way a spoiler There's always another secret

The Shattered Lens Brandon Sanderson, 2018-08-27 The sci fi fantasy adventures of Brandon Sanderson #1 New York Times bestselling author of *The Knights of Crystallia* and the *Mistborn* series have been praised as genuinely funny and an excellent choice and and and you know what That's enough For too long I've been telling you all how fantastic this Brandon Sanderson character is and I'm just sick of it Take it from me I've actually met the guy Now me I can be impressive Unfortunately that's usually when the trouble starts But not this time Honest I mean it's hardly my fault that the kingdom of Mokia was about to fall to the evil forces of the Librarians And it's not really my fault if I sort of accidentally led a small force of freedom fighters to the Mokian capital of Tuki Tuki to help save the city and its brave people And it's definitely not my fault that the Librarians found out I was there and launched an all out attack with giant robots and scary weapons that permanently knocked people out and blew

huge holes in the ground and kidnapped people and then my Librarian mother showed up and ruined everything as usual while my father was too busy to care even though he s the one who was going to unleash chaos on the world and my talent for breaking things was getting way out of control and I didn t know what to do WHEW So if you want to keep reading and find out what else was totally not I repeat NOT my fault go right ahead Just don t blame me if you can t stop turning the pages Praise for the Alcatraz series Like Lemony Snicket and superhero comics rolled into one and then revved up on steroids Publishers Weekly Starred Review An excellent choice to read aloud to the whole family NPR Those who enjoy their fantasy with a healthy dose of slapstick humor will be delighted School Library Journal Genuinely funny plenty here to enjoy Locus In this original hysterical homage to fantasy literature Sanderson s first novel for youth recalls the best in Artemis Fowl and A Series of Unfortunate Events VOYA *Shadows for Silence in the Forests of Hell* Brandon Sanderson,2015-03-03 Originally appearing in the Dangerous Women anthology and now available as a solo ebook *Shadows for Silence in the Forests of Hell* is a chilling novella of the Cosmere the universe shared by Brandon Sanderson s Mistborn series and the 1 New York Times bestselling Stormlight Archive When the familiar and seemingly safe turns lethal therein danger lies Amid a forest where the shades of the dead linger all around every homesteader knows to follow the Simple Rules Don t kindle flame don t shed the blood of another don t run at night These things draw shades Silence Montane has broken all three rules on more than one occasion And to protect her family from a murderous gang with high bounties on their heads Silence will break every rule again at the risk of becoming a shade herself **Shadows Beneath** Brandon Sanderson,Mary Robinette Kowal,Dan Wells,Howard Tayler,2014-06-29 From the Hugo Award winning hosts of the Writing Excuses writing advice show comes a collection of all new stories of the fantastic with beautiful illustrations and a behind the scenes look at each story s creation Brandon Sanderson s Sixth of the Dusk set in his Cosmere universe shared by the Mistborn books and the 1 New York Times bestselling Stormlight Archive showcases a society on the brink of technological change On the deadly island of Patji where predators can sense the thoughts of their prey a lone trapper discovers that the island is not the only thing out to kill him Mary Robinette Kowal s A Fire in the Heavens is a powerful tale of a refugee seeking to the near mythical homeland her oppressed people left centuries ago When Katin discovers the role the eternal moon occupies in the Center Kingdom and the nature of the society under its constant light she may find enemies and friends in unexpected places Dan Wells s I E Demon features an Afghanistan field test of a piece of technology that is supposed to handle improvised explosive devices Or so the engineers have told the EOD team that will be testing it exactly what it does and how it does it are need to know and the grunts don t need to know Until suddenly the need arises Howard Tayler s An Honest Death stars the security team for the CEO of a biotech firm about to release the cure for old age When an intruder appears and then vanishes from the CEO s office the bodyguards must discover why he is lying to them about his reason for pressing the panic button For years the hosts of Writing Excuses have been offering tips on brainstorming drafting workshopping and revision
