*Joint Documents of the State of Michigan* Michigan, 1898      **Next Generation of Information Technology in Educational Management** Don Passey, Andreas Breiter, Adrie Visscher, 2013-05-13 This book constitutes the refereed post proceedings of the 10th IFIP WG 3.7 Conference on Information Technology in Educational Management ITEM 2012 held in Bremen Germany in August 2012. The 16 revised full papers presented were carefully reviewed and selected. The papers offer an outstanding overview of the contemporary field of information technology in educational management. They focus on four key questions: Why do we need new educational management information systems? What issues face those developing new educational management information systems? What new educational management information systems are being developed? What educational management systems are already in place.

**Joint Documents of the State of Michigan for the Year ...** Michigan, 1898      **Digest of Education Statistics 2011** Thomas D. Snyder, Sally A. Dillow, 2012-11-05      *Digest of Education Statistics*, 2010 Contains information on a variety of subjects within the field of education statistics including the number of schools and colleges, enrollments, teachers, graduates, educational attainment, finances, Federal funds for education, libraries, international education, and research and development.

**Digest of Education Statistics 2012** Thomas D. Snyder, Sally A. Dillow, 2014-04 *Digest of Education Statistics 2012* is the 48th in a series of publications initiated in 1962. Its primary purpose is to provide a compilation of statistical information covering the broad field of American education from pre-kindergarten through graduate school, drawn from government and private sources but especially from surveys and other activities led by NCES, National Center for Education Statistics, part of the Institute for Education Sciences (IES). The digest contains data on the number of schools, students, and teachers, as well as statistics on educational attainment, finances, libraries, technology, and international comparisons. Details on population trends, education attitudes, labor force characteristics, and federal aid supplies helpful background for evaluating the education data. This statistical reference could be helpful to parents choosing schools for their children, as well as for teachers, librarians, and public administrators, as it tracks enrollment, population trends, and key areas of studies with student progress. It also tracks the post-secondary college level, detailing undergraduate tuition and room/board, ESTIMATE costs at private nonprofit institutions, private for-profit institutions, and public institutions. It also tallies the number of postsecondary degrees and provides some gender demographics in this area. The Digest contains seven chapters: All Levels of Education, Elementary and Secondary Education, Postsecondary Education, Federal Programs for Education and Related Activities, Outcomes of Education, International Comparisons of Education, and Libraries and Adult Education. Preceding these chapters is an Introduction that provides a brief overview of current trends in American education, which supplements the tabular materials in chapters 1 through 7. The Digest concludes with three appendixes. The first appendix, Guide to Sources, provides a brief synopsis of the surveys used to generate the Digest tables. The second, Definitions, is included to help readers understand terms used in the Digest, and the

third Index of Table Numbers allows readers to quickly locate tables on specific topics In addition to updating many of the statistics that have appeared in previous years this edition contains new material including Percentage distribution of 6 to 18 year olds by parent s highest level of educational attainment household type either two parent or single parent and child s race ethnicity table 12 Enrollment and percentage distribution of enrollment in public elementary and secondary schools by race ethnicity and region table 44 Number and percentage of public school students participating in programs for English language learners by state table 47 Children 3 to 21 years old served under Individuals with Disabilities Education Act Part B by age group and race ethnicity table 49 Percentage of 3 4 and 5 year old children enrolled in preprimary programs by attendance status level of program and selected child and family characteristics table 57 Number and enrollment of public elementary and secondary schools that have closed by school level and type table 109 Number and percentage distribution of public school students eligible for free or reduced price lunch by school level locale and student race ethnicity table 112 Public elementary and secondary charter schools and enrollment by state table 117 First time kindergartners reading mathematics science cognitive flexibility and approaches to learning scale scores in fall and spring of the kindergarten year by selected child family and school characteristics table 135 Number and percentage distribution of kindergartners by kindergarten entry status i e early entrant on time entrant delayed entrant or kindergarten repeater and selected child family and school characteristics table 136 Kindergartners reading mathematics science cognitive flexibility and approaches to learning scale scores in fall and spring of the kindergarten year by kindergarten entry status table 137 Percentage of 9th grade students participating in various school sponsored and non school sponsored activities by sex and race ethnicity table 183 Percentage of 4th 8th and 12th graders absent from school in the last month by selected student and school characteristics and number of days absent table 187 Total and current expenditures per pupil in fall enrollment in public elementary and secondary schools by function and subfunction table 214 Total fall enrollment in all postsecondary institutions participating in Title IV programs by degree granting status and control of institution table 222 Percentage of recent high school completers enrolled in 2 year and 4 year colleges by income level table 236 Number of postsecondary students who entered the student loan repayment phase number of students who defaulted and 2 year student loan cohort default rates by level and control of institution table 400 Number and percentage of persons 16 to 24 years old who were neither enrolled in school nor working by educational attainment age group family poverty status and race ethnicity table 429 Employment to population ratios of all persons males and females 16 to 64 years old by age group and educational attainment tables 431 432 and 433 Unemployment rates of all persons males and females 16 to 64 years old by age group and educational attainment tables 434 435 and 436 Percentage of high school students age 16 over who were employed by age group sex race ethnicity family income nativity and hours worked per week table 441 and Average reading literacy scale scores of fourth graders and percentage whose schools emphasize reading skills and strategies at or before second grade or
