

# ESSAY CONCLUSIONS

An essay conclusion summarizes the key points discussed in the essay, reinforces the thesis statement, and leaves the reader with a strong, lasting impression or a thought to ponder.

## WHAT IT DOES

An essay conclusion brings closure to your arguments and ties all the points you've made together, while also reinforcing your thesis statement. It allows you to leave your readers with a clear understanding of your perspective and the purpose of your essay. Furthermore, a well-crafted conclusion leaves a lasting impression on the reader.

## HOW TO WRITE IT

- **Conclude.** Show what your final position is.
- **Clarify.** Clarify how your final position is relevant to the Essay Question.
- **Concern.** Explain who should be concerned by your findings.
- **Consequences.** End by noting in one final, engaging sentence why this topic is of such importance.

**Corpus Linguistics** Antoinette Renouf,Andrew Kehoe,2009 Throughout history linguists and literary scholars have been impelled by curiosity about particular linguistic or literary phenomena to seek to observe them in action in original texts The fruits of each earlier enquiry in turn nourish the desire to continue to acquire knowledge through further observation of newer linguistic facts As time goes by the corpus linguist operates increasingly in the awareness of what has gone before Corpus Linguistics thirty years on is less an innocent sortie into corpus territory on the basis of a hunch than an informed critical reassessment of existing analytical orthodoxy in the light of new data coming on stream This volume comprises twenty two articles penned by members of the ICAME International Computer Archive of Modern and Mediaeval English association

which together provide a critical and informed reappraisal of the facts data methods and tools of Corpus Linguistics which are available today Authors reconsider the boundaries of the discipline exploring its areas of commonality with Sociolinguistics Language Variation Discourse Linguistics and Lexical Statistics and showing how that commonality is potentially of immense benefit to practitioners in the fields concerned The volume culminates in the report of a timely and novel expert panel discussion on the role of Corpus Linguistics in the study of English as a global language This encompasses issues such as English as an international lingua franca norms for global English and the question of ownership or who qualifies as a native speaker

Student and Teacher Writing Motivational Beliefs Steve Graham, Gary A. Troia, Gustaf Bernhard Uno Skar, 2024-06-21 The study of students motivational beliefs about writing and how such beliefs influence writing has increased since the publication of John Hays 1996 model of writing This model emphasized that writers motivational beliefs influence how and what they write Likewise increased attention has been devoted in recent years to how teachers motivational beliefs about writing especially their efficacy to teach writing impact how writing is taught and how students progress as writers As a result there is a need to bring together in a Research Topic studies that examine the role and influence of writing beliefs Historically the psychological study of writing has focused on what students write or the processes they apply when writing Equally important but investigated less often are studies examining how writing is taught and how teachers efforts contribute to students writing What has been less prominent in the psychological study of writing are the underlying motivational beliefs that drive or inhibit students writing or serve as catalysts for teachers actions in the classroom when teaching writing This Research Topic will bring together studies that examine both students and teachers motivational beliefs about teaching writing This will include studies examining the operation of such beliefs how they develop cognitive and affective correlates how writing motivational beliefs can be fostered and how they are related to students writing achievement By focusing on both students and teachers beliefs the Research Topic will provide a more nuanced and broader picture of the role of motivation beliefs in writing and writing instruction This Research Topic includes papers that address students motivational beliefs about writing teachers motivational beliefs about writing or teaching writing Students motivational beliefs about writing include beliefs about the value and utility of writing writing competence attitudes toward writing goal orientation motives for writing identity epistemological underpinnings writing and attributions for success failure as examples Teacher motivational include these same judgements as well as beliefs about their preparation and their students competence and progress as writers to provide additional examples This Research Topic is interested in papers that examine how such beliefs operate develop are related to other cognitive and affective variables how they are impacted by instruction and how they are related to students writing performance Submitted studies can include original research both quantitative qualitative or mixed methods meta analysis and reviews of the literature

**Persuasive Writing** Peter Frederick,2011-07-21 Developed from powerful techniques consistently proven in the world of multi million pound commercial bid writing *Persuasive Writing* reveals the most efficient and effective ways to make your words work time after time Discover how to Transform any document into something truly compelling and persuasive Understand what your reader really wants to hear and use this to get what you want Combine logic and emotion to convince even the most sceptical readerWhether you re writing for business or for pleasure the longest document or the shortest email with these and many more proven techniques *Persuasive Writing* will ensure every word works for you     *The Results Fieldbook* Michael J. Schmoker,2001 What is the single most important event of the school year that affects school improvement How do you measure school improvement How can simple tools already at your fingertips work more effectively to improve student achievement in reading math and more *The Results Fieldbook* answers these questions and describes in

abundant practical detail how five school systems overcame obstacles and achieved exceptional results for all their students. These schools focused on the proven core concepts that Mike Schmoker described in both editions of his first ASCD book *Results: The Key to Continuous School Improvement*. Supplementing the five case studies, brief vignettes written by practitioners show how core practices, teamwork, the use of achievement data, and planning for measurable goals made an immediate and profound difference in student learning at their respective schools. A close look at these school systems reveals the simplicity of school improvement efforts built around the still overlooked and most potent force in improvement: collective organized teacher intelligence. This book contains easily adapted processes and refinements that result from such teacher collaboration and all but guarantee measurable improvement. Tables, figures, and appendixes illustrate effective data collection processes, and at the conclusion, a three-part synthesis of the best of these systems provides practical steps toward implementing this radically more effective approach to school improvement, starting with preservice education.

**The Description, Measurement and Pedagogy of Words** Christine Doe, Alexandra Tsedryk, 2019-09-26 This volume will appeal to anyone interested in knowing more about the fundamental building blocks of language: words. It brings together the fields of linguistics, neuroscience, psycholinguistics, speech language pathology, and language education to present multifaceted perspectives on the topic of vocabulary. The theoretical and empirical contributions included consider some of the key questions facing the field, such as: What is the mental lexicon? What constitutes a word? What are new and novel approaches to measuring and researching vocabulary? and What is the best way to teach vocabulary? This book will be useful to graduate students and scholars in the fields of theoretical linguistics, psycholinguistics, applied linguistics, adult and child language acquisition, and modern languages. In addition, it will appeal to language educators at various institutions, immigrant service specialists, school board officials, and study abroad consultants.
