Cloning Wild Life Carrie Friese, 2013-09-02 The natural world is marked by an ever increasing loss of varied habitats a growing number of species extinctions and a full range of new kinds of dilemmas posed by global warming At the same time humans are also working to actively shape this natural world through contemporary bioscience and biotechnology In *Cloning Wild Life* Carrie Friese posits that cloned endangered animals in zoos sit at the apex of these two trends as humans seek a scientific solution to environmental crisis Often fraught with controversy cloning technologies Friese argues significantly affect our conceptualizations of and engagements with wildlife and nature By studying animals at different locations Friese explores the human practices surrounding the cloning of endangered animals She visits zoos the San Diego Zoological Park the Audubon Center in New Orleans and the Zoological Society of London to see cloning and related practices in action as well as attending academic and medical conferences and interviewing scientists conservationists and zookeepers involved in cloning Ultimately she concludes that the act of recalibrating nature through science is what most disturbs us about cloning animals in captivity revealing that debates over cloning become in the end a site of political struggle between different human groups Moreover Friese explores the implications of the social role that animals at the zoo play in the first place how they are viewed consumed and used by humans for our own needs A unique study uniting sociology and the study of science and technology *Cloning Wild Life* demonstrates just how much bioscience reproduces and changes our ideas about the meaning of life itself

The Codex of the Endangered Species Act Lowell E. Baier, 2023-07-25 The Endangered Species Act of 1973 ESA is one of the most cherished and reviled laws ever passed It mandates protection and preservation of all the nation s species and biodiversity whatever the cost It has been a lightning rod for controversy and conflicts between industry business and environmentalists The year 2023 marks the 50th anniversary of this law and provides an opportunity for a measured and thorough evaluation thereof We cannot know today s challenges and opportunities without understanding their histories This book is the most comprehensive history of the ESA ever published and the first to consider the entire history of the law from all angles in a single volume The history of the ESA has been one of increasing impact complexity and controversy In 1978 the Supreme Court declared that Congress intended for the U S government to save all species at any cost and thereafter application of the ESA became steadily more controversial as seen in the example of the northern spotted owl and the timber wars in the Pacific Northwest in the late 1980s and early 90s and then everywhere as the ESA became a political football in

the highly partisan environment of the late 1990s and amendments to the law ceased This book is not only a history but a call to action It will take more conservation more funding and more innovative solutions if we are to save our wildlife and biodiversity It will take the engagement to every American to muster the collective will to meet this challenge The hope of this book is that we will be able to look back and say that we accomplished more in the second 50 years of the ESA than we did in the first

Taxidermic Signs Pauline Wakeham, 2008 Taxidermy has been traced back over four centuries to imperial Europe This text decodes the practice of taxidermy as it was performed in North America from the late 19th century onwards revealing its connection to ecological and racial discourses integral to the maintenance of colonial power

The Common Core in Action Deborah J. Jesseman, 2015-06-19 This book addresses Common Core State Standard curriculum resources to assist the school librarian in collaborating with classroom teachers Librarians are being asked to understand the Common Core State Standards CCSS and their implications to programming and instruction as well as to collection development planning Using lesson plans originally published in *School Library Monthly* this title builds upon them adding many additional plans that address CCSS issues The plans will help you implement the standards and can also be used as stepping stones to facilitate planning conversations and collaboration with teachers to co teach lessons correlated with the standards The book begins with an overview of the CCSS what they are how are they different from the content standards and what the implications are for schools where the state has adopted them including what the CCSS mean for collection development It then goes on to explore the opportunities the CCSS present for the school librarian looking at how you can become a leader in employing the process The majority of the book is devoted to reproducible lesson plans organized by curricular area or topic and grade level for ease of use

Many Texts, Many Voices Penny Silvers, Mary C. Shorey, 2012 On any given day a visitor to Mary Shorey's classroom will find elementary students using a variety of learning tools from books to wikis and blogs to pose critical questions about the world and take action to make a difference in the lives of others Whether sponsoring a book drive for victims of Hurricane Katrina using a multimedia presentation to persuade the principal to adopt their recycling plan or challenging a senior citizen's eviction it's all in a day's work for Mary's students Her young learners are becoming conscious consumers creative thinkers and effective communicators even while fulfilling the mandated curriculum and Common Core Standards As Shorey and coauthor Penny Silvers write in *Many Texts, Many Voices* Critical literacy requires that the reader consumer examine multiple perspectives and ask Whose interests are being served and Whose voice is heard or silenced Rather than an addition to a lesson or curriculum critical literacy is a way of thinking communicating analyzing and living a literate life Critical literacy also implies the possibility of taking some kind of social action in order to support a belief make a difference or simply help during a time of need Always mindful of what is appropriate for young children Shorey and Silvers continually search for opportunities to embed critical literacy and inquiry in the everyday lives of primary students Through a rich array of rubrics sample lessons text sets unit designs and

professional resources Silvers and Shorey share their reflective practices so that all teachers can use print visual and digital tools to transform student learning Achievements and challenges of trade capacity building: a practitioner's analysis of the CAFTA process and its lessons for the multilateral system (Occasional Paper ITD = Documento de Divulgación ITD; n. 32)
