Litow,2018-05-09 A roadmap to improve corporate social responsibility The 2016 U S Presidential Campaign focused a good deal of attention on the role of corporations in society from both sides of the aisle In the lead up to the election big companies were accused of profiteering plundering the environment and ignoring even exacerbating societal ills ranging from illiteracy and discrimination to obesity and opioid addiction Income inequality was laid squarely at the feet of us companies The Trump administration then moved swiftly to scrap fiscal social and environmental rules that purportedly hobble business to redirect or shut down cabinet offices
