The Tauchnitz Edition and Related Paperback Series Melanie Mienert, Stefan Welz, Dietmar Böhnke, 2024-11-26 The Tauchnitz Edition and Related Paperback Series English Literature in Your Pocket unites a broad variety of interests and different perspectives concerning the legacy of the Tauchnitz Edition in particular and English language paperback series in general It provides an international and interdisciplinary approach to the paperback revolution as part of media culture throughout the 19th and 20th centuries The Bernhard Tauchnitz Collection of British and American Authors initiated in 1841 was not only a successful entrepreneurial endeavor but a milestone in the history of print culture as well The Leipzig based Tauchnitz publishers renowned all over the world for their series of affordable pocket books in English produced more than 5000 volumes within the course of over 100 years Cultural and literary repercussions of this unique achievement have been far reaching since the late 19th century It pioneered a new way of mass market publishing innovative copyright arrangements and a close cooperation with many important English language novelists of the day Still in present times the Tauchnitz Edition and its successors are stimulating both academic research in various fields and the enthusiasm of collectors and readers *Fire & Ice* Carol A. Mullen, 2005 Fire Ice presents the educational inquiry process to school practitioners and aspiring leaders The context for this study is unusual because it addresses inquiry learning at both the master s and doctoral level and within group settings The picture that emerges illustrates ways for mentors to engage graduate students in learning writing and research through collaborative structures with an emphasis on learning communities as the primary vehicle for growth and success In the book graduate students have served as research participants focus group members and survey respondents in their dual role as peer mentor Because graduate education is being challenged to meet the changing needs of the twenty first century the influence of the professions on academic degrees has meant that students must develop as scholar practitioners instead of strictly intellectual academics Metaphorically the fire possibility desire and content and ice restraint structure and form of scholarly inquiry is used as a literary device to capture what it might mean for students to perform inquiry *Ice and Fire* Stephen Osborne, 1998 Ice and Fire is a collection of nonfiction narratives from award winning writer Stephen Osborne who retains an abiding sense that the places

and the people he encounters are still to be discovered Negotiating the Trans Canada Highway near Moncton during a whiteout visiting Timothy Eaton's grave in Toronto leaving offerings of tobacco at a Nez Perce battleground drinking with his Japanese mentor in a revolving bar in Vancouver while debating Buddhism vs class struggle for Osborne all of these are occasions to conjure our time and our place Ice and fire are extremes of a Canadian North from which several of these dispatches are written But Osborne's special insight is that Kamloops New Glasgow and even Toronto are as unknowable as Pangnirtung We live in a country that can claim the world's only souvenir police force and whose analogue is a department store a country that believes itself to be part of a New World even though people have lived here for ten thousand years Smart funny moving and full of wonder and surprise the dispatches in Ice and Fire illuminate a very old world striving to make itself new
