Boeing 707 Group Graham M. Simons,2020-01-24 A definitive look at the plane that revolutionized air travel and its place in aviation history from the author of Comet The World s First Jet Airliner The Boeing 707 family that includes the forerunner Model 367 80 the KC 135 series of military transports and the slightly smaller Model 720 was the pioneer of the sweptback

wing incorporating podded engines borrowed from the B 47 military bomber It was the aircraft that many regard as the design that really ushered in the Jet Age This book from the established aviation historian Graham Simons examines the entire course of the Boeing 707 s history charting an impressive design evolution and illustrating the many ways in which the 707 s legacy continues to be felt to this day In laying the foundation for Boeing s preeminence on the world s jetliner market during the 1980s and 90s the 707 paved the way for future innovations in both civilian and military fields and Graham Simons has put together an image packed history that records the historic and landmark milestones of this iconic aircraft type The book is well worth the price and will provide many hours of intriguing reading and research support It is a good addition to one s aviation bookshelf Air Power History An impressive volume that is well written and easy to read Its research is of a high standard It will of course appeal to Boeing 707 C 135 enthusiasts and as such could well become a Standard Reference Work on its subject NZ Crown Mines *Government Abuse* William Sims Curry,2014-05-23 Government contracting is plagued by nefarious amateurish and criminal behavior By awarding government contracts to corporations as compensation for lavish gifts and personal favors the United States government fails to serve the public interest effectively and honestly William Sims Curry identifies and categorizes multiple deficiencies in how government contractors are selected and proposes how reforms can be instituted This book is based on extensive research Curry sifted through two years worth of contractor claims maintained by the Government Accountability Office GAO regarding improper behavior of federal government agencies during the contract award process He identified additional government contracting failures through review of media stories inspector general reports court cases and press releases by government investigatory agencies Much of this abuse originates from the mandated but ineffective practice of color coding rating proposals and a subjective ratings system Curry proposes replacing the current practice with a scoring system that weighs contractor selection criteria according to the government s needs This along with the other procurement reforms Curry recommends offers promise for an alternative to the fraud waste and incompetence currently rampant in government contracting *Vertiflite* ,2008
