*Humanizing Distance Learning* Paul Emerich France, 2020-11-13 In some ways shouldn't we always be teaching from a

distance Paul France asks this not as pitch for distance learning But because part of the reason distance learning has been so challenging Paul asserts is that we re replicating long standing practices that promote dependent learning in our students Why not use this unique moment of time to reconnect with the true purpose of teaching to help our students become liberated learners and free thinkers The next logical step in teachers months long distance learning journey Humanizing Distance Learning describes how to center humanity and equity in our process of reimagining learning Even while teaching and learning miles apart through screens you ll discover how to Build independence within your students so they re better equipped to tackle challenges with persistence and learn how to learn Make collaboration and human connection essential components of your pedagogy offering students the chance to socialize and learn from one another Center and unpack students identities helping them develop a conscious knowledge of themselves all the while using their self identified strengths to overcome any obstacles Plan prepare and implement humanized instruction while teaching for student liberation both digitally and in person Investigate technology integration including the Digital Divide as well as ways to minimize EdTech integration so that our collective sense of humanity can continue to be front and center The future Paul writes may be unclear the road may be rocky and the story may continue to be long and winding as we push forward through this global crisis But the answer will always be simple We must teach and learn in pursuit of a deeper sense of collective humanity and for no other reason This book is equal parts visionary and practical courageous and invitational It addresses foundational needs and wrenching challenges teachers faced during the recent time when U S teachers abruptly found themselves teaching remotely It is a deeply humanizing book Carol Ann Tomlinson William Clay Parrish Jr Professor Emeritus University of Virginia Humanizing Distance Learning is a book for our times not only because it addresses how to build a culture of thinking and teach for understanding at a distance but also because it challenges the status quo of education by offering a more liberated and humane vision Ron Ritchhart Senior Research Associate Harvard Graduate School of Education Paul France has produced a timely and necessary book that will help educators humanize distance learning Recognizing incredible dimensions of complexity this book will surely help educators traverse times of uncertainty in distance learning H Richard Milner IV Cornelius Vanderbilt Chair of Education Vanderbilt University

**Teaching Mathematics Through Problem-Solving** Akihiko Takahashi, 2021-03-31 This engaging book offers an in depth introduction to teaching mathematics through problem solving providing lessons and techniques that can be used in classrooms for both primary and lower secondary grades Based on the innovative and successful Japanese approaches of Teaching Through Problem solving TTP and Collaborative Lesson Research CLR renowned mathematics education scholar Akihiko Takahashi demonstrates how these teaching methods can be successfully adapted in schools outside of Japan TTP encourages students to try and solve a problem independently rather than relying on the format of lectures and walkthroughs provided in classrooms across the world Teaching Mathematics Through Problem Solving gives educators the tools to restructure their lesson and curriculum
