

Example – Life Narrative

Having been raised under the premise that college was a requirement, not an option, I spent my high school year in college preparatory courses. This continued until the beginning of my senior year when my boyfriend, Bob, asked me to marry him. This was 1962. I was ready to drop everything and get on with this new and exciting development in my life; however, since I was only 16, my parents had control over the situation and insisted that I complete high school. At that time I was the junior princess of Job's Daughters, the third of five elected positions in a Masonic organization for teenage girls. My parents reminded me of the obligation I had undertaken when elected to and accepting the first position of Marshall the previous year; this obligation would not be fulfilled until my term as "Honoured Queen" was completed at Christmas time following my graduation from high school in 1963. My parents convinced me that Business College would be a productive way to spend the remaining six months between graduation and the end of my obligation to the Masonic organization.

I would not be 18 until the following November and I could not marry without my parents' permission which was not forthcoming. Therefore, I enrolled in Auerswald's Business School in Seattle, Washington, and endeavoured to complete their curriculum as quickly as possible. By December I had completed everything they had to offer except court reporting, which I never started, and accounting. I did, however, learn enough in the accounting class to competently handle the bookkeeping for several companies throughout my career.

In mid December, I began my first full-time job at Showalter-Judd, Inc., a manufacturers' representative for electronic equipment. I as a "girl Friday" and I learned a great deal in the three plus years that I worked there. Bob and I got married as planned and he began working for the U.S. Forest Service in 1963. When he was transferred to the southern district of the Snoqualmie Forest, we moved to Sumner, Washington. Shortly thereafter, I went to work for The Boeing Company as the secretary to 42 planners on the 747 aircraft project. This position also had me performing a wide variety of tasks, and it was my first opportunity to learn how to develop charts and graphs. In 1966, our first daughter was born.

In 1970, my husband was transferred to Eugene, Oregon, and since I was pregnant with our second child, I left Boeing and made the decision to become a homemaker for a time. Our son was born in 1970.

During the years of being a full-time homemaker and mother, I ended up being busier doing volunteer work and recreational activities than I had ever been while working full-time. In addition to serving on several committees and projects for our church and at the children's school, I was active playing bridge, bowling, golfing and even belly dancing (great exercise to keep you limber and in shape!). My creative outlet was decorating cakes for everything from birthday parties and showers to anniversaries and weddings. At this time I also designed and drew the plans for our dream house which we built in 1974, on the McKenzie River about 35 miles east of Eugene, Oregon. Shortly after moving into
