

JANUARY ... DOES IT BRING YOU JOY?

- 1 January is the time for renewal on many fronts. It's the time of the year to re-evaluate everything. If something or someone doesn't bring you joy, it's pretty pointless carrying on with it. If we want the best, we must do our best. We must keep our family space safe and secure so that we are thriving as a people and as a nation. 5
- 2 In order to live their best lives, people are spreading themselves thinner and thinner with multiple streams of income. In the process we earn more but live less, we lose our focus of what is important.
- 3 With social media, keeping up with other Instagrammers are having a devastating effect on self-perception. Everything appears to be real perfect, but the fabric of our society is frazzled. Use January to take stock and start navigating new ways of doing things. Instead of multiple streams of sole sessions, travel more, and connect with people and places that bring you joy. 10

[Adapted from *The Juice*, January 2020]

QUESTIONS: TEXT F

- 5.1 Refer to line 1.
Provide a synonymous phrase for 'on many fronts'. (1)
- 5.2 What is the function of the hyphen in 're-evaluate' (line 2)? (1)
- 5.3 Rewrite the following sentence in the passive voice.
'If something or someone doesn't bring you joy, it's pretty pointless carrying on with it' (lines 2–3). (1)
- 5.4 Remove the redundancy in paragraph 1. (1)

Lords**

History Paper June Exam 2013 Memorandum:

Negotiating the Nuclear Non-Proliferation Treaty Roland Popp, Liviu Horovitz, Andreas Wenger, 2016-10-04 This volume offers a critical historical assessment of the negotiation of the Treaty on the Non Proliferation of Nuclear Weapons NPT and of the origins of the nonproliferation regime The NPT has been signed by 190 states and was indefinitely extended in 1995 rendering it the most successful arms control treaty in history Nevertheless little is known about the motivations and strategic calculi of the various middle and small powers in regard to their ultimate decision to join the treaty despite its discriminatory nature While the NPT continues to be central to current nonproliferation efforts its underlying mechanisms remain under researched Based on newly declassified archival sources and using previously inaccessible evidence the contributions in this volume examine the underlying rationales of the specific positions taken by various states during the NPT negotiations Starting from a critical appraisal of our current knowledge of the genesis of the nonproliferation regime contributors from diverse national and disciplinary backgrounds focus on both European and non European states in order to enrich our understanding of how the global nuclear order came into being This book will be of much interest to students of nuclear proliferation Cold War history security studies and IR

Research Handbook on Intellectual Property and Climate Change Joshua D. Sarnoff, 2016-04-29 Written by a global group of leading scholars this wide ranging Research Handbook provides insightful analysis useful historical perspective and a point of reference on the controversial nexus of climate change law and policy intellectual property law and policy innovation policy technology transfer and trade The contributors provide a unique review of the scientific background international treaties and political and institutional contexts of climate change and intellectual property law They further identify critical conflicts and differences of approach between developed and developing countries Finally they put forward and analyse the relevant intellectual property law doctrines and policy options for funding developing disseminating and regulating the required technologies and their associated activities and business practices The book will serve as a resource and reference tool for scholars policymakers and practitioners looking to understand the issues at the interface of intellectual property and climate change

Streaming and Copyright Law Lasantha Ariyaratna, 2022-09-05 This book examines the challenges posed to Australian copyright law by streaming from the end user perspective It compares the Australian position with the European Union and United States to draw lessons from them regarding how they have dealt with streaming and copyright By critically examining the technological functionality of streaming and the failure of copyright enforcement against the masses it argues for strengthening end user rights The rising popularity of streaming has resulted in a revolutionary change to how digital content such as sound recordings cinematographic films and radio and television broadcasts is used on the internet Superseding the conventional method of downloading using streaming to access digital content has challenged copyright law because it is not clear whether end user acts of streaming constitute copyright infringement These prevailing grey areas

between copyright and streaming often make end users feel doubtful about accessing digital content through streaming It is uncertain whether exercising the right of reproduction is appropriately suited for streaming given the ambiguities of embodiment and scope of substantial part Conversely the fair dealing defence in Australia cannot be used aptly to defend end users acts of streaming digital content because end users who use streaming to access digital content can rarely rely on the defence of fair dealing for the purposes of criticism or review news reporting parody or satire or research or study When considering a temporary copy exception end users are at risk of being held liable for infringement when using streaming to access a website that contains infringing digital content even if they lack any knowledge about the content s infringing nature Moreover the grey areas in circumventing geo blocking have made end users hesitant to access websites through streaming because it is not clear whether technological protection measures apply to geo blocking End users have a severe lack of knowledge about whether they can use circumvention methods such as virtual private networks to access streaming websites without being held liable for copyright infringement Despite the intricacies between copyright and access to digital content the recently implemented website blocking laws have emboldened copyright owners while suppressing end users access to digital content This is because the principles of proportionality and public interest have been given less attention when determining website blocking injunctions

Once and Future Partners William C. Potter, Sarah Bidgood, 2018-10-09 Despite their Cold War rivalry the United States and the Soviet Union frequently engaged in joint efforts to prevent the spread of nuclear weapons Leaders in Washington and Moscow recognized that nuclear proliferation would serve neither country s interests even when they did not see eye to eye in many other areas They likewise understood why collaboration in mitigating this nuclear danger would serve both their own interests and those of the international community This volume examines seven little known examples of US Soviet cooperation for non proliferation including preventing South Africa from conducting a nuclear test developing international safeguards and export control guidelines and negotiating a draft convention banning radiological weapons It uses declassified and recently digitized archival material to explore in depth the motivations for and modalities for cooperation under often adverse political circumstances Given the current disintegration of Russian and US relations including in the nuclear sphere this history is especially worthy of review Accordingly the volume s final chapter is devoted to discussing how non proliferation lessons from the past can be applied today in areas most in need of US Russian cooperation
