

5 ADJUST THE MOWER TO SUIT YOUR GARDEN

In chapter 4 (Page 41) in the (Special) Manual
 You will find a few tips about important settings for your Automower®.
 All settings for Automower® are made using the remote functions.

ADJUST THE MOWER TO SUIT THE SIZE OF YOUR GARDEN

The mowing results depend on mowing time. Before the mowing starts in your garden using the Zone function, if the mower reaches the condition, the time will appear truncated down.
 If the mower reaches the address, the time will not be properly cut.

TIME

The time when the mower stops is the time when the mower reaches the condition. The time when the mower stops is the time when the mower reaches the condition. The time when the mower stops is the time when the mower reaches the condition.

ADJUST THE MOWER FOR NARROW PASSAGES

Narrow passages in the garden make it difficult for the mower to find the charging station. You can set the mower back to the factory setting for the (Special) Manual.

1. Look for the narrow passage in the garden between the charging station.
2. Place the mower beyond the passage, with its front facing the charging station.
3. Activate the (Special) Manual function. After the (Special) Manual is activated, the mower will follow the charging station.
4. Ensure that the mower follows the charging station through the passage.
 - a. If the mower reaches through the passage, the mower is complete.
 - b. If the mower does not reach through the passage, lower the value of the (Special) Manual function by 1 unit. Repeat the test from point 1.

CHARGE WITH BATTERY

Charging with battery power. The mower will charge with battery power when the battery is low. The mower will charge with battery power when the battery is low. The mower will charge with battery power when the battery is low.

QUICK TIP

In chapter 4 (Page 41) in the (Special) Manual
 If you have a complex garden, it is best to use the passage function. For (Special) Manual, we recommend installing a guide wire.

The guide wire is a wire that is run from the charging station, and around a narrow part of the garden, and through a narrow passage. The mower can follow the guide wire to and from the charging station.
