La physiognomie ou L'art de connaître les hommes d'après les traits de leur physionomie [sic] ... Johann Caspar Lavater, 1845 [A Catalogue of an Extensive Collection of Books](#) Thomas Egerton (Bookseller), 1796 *La physiognomonie ou l'art de connaitre les hommes d'après les traits de leur physionomie, leurs rapports avec les divers animaux, leurs penchants, etc* Johann Caspar Lavater, 1845 *Citizen Subject* Étienne Balibar, 2016-11-01 What can the universals of political philosophy offer to those who experience the living paradox of an unequalitarian construction of egalitarian citizenship Citizen Subject is the summation of Étienne Balibar's career long project to think the necessary and necessarily antagonistic relation between the categories of citizen and subject In this magnum opus the question of modernity is framed anew with special attention to the self enunciation of the subject in Descartes Locke Rousseau and Derrida the constitution of the community as we in Hegel Marx and Tolstoy and the aporia of the judgment of self and others in Foucault Freud Kelsen and Blanchot After the humanist controversy that preoccupied twentieth century philosophy Citizen Subject proposes foundations for philosophical anthropology today in terms of two contrary movements the becoming citizen of the subject and the becoming subject of the citizen The citizen subject who is constituted in the claim to a right to have rights Arendt cannot exist without an underside that contests and defies it He or she because Balibar is concerned throughout this volume with questions of sexual difference figures not only the social relation but also the discontent or the uneasiness at the heart of this relation The human can be instituted only if it betrays itself by upholding anthropological differences that impose normality and identity as conditions of belonging to the community The violence of civil bourgeois universality Balibar argues is greater and less legitimate therefore less stable than

that of theological or cosmological universality Right is thus founded on insubordination and emancipation derives its force from otherness Ultimately Citizen Subject offers a revolutionary rewriting of the dialectic of universality and differences in the bourgeois epoch revealing in the relationship between the common and the universal a political gap at the heart of the universal itself **Voluptuous Philosophy** Natania Meeker, 2006 In 18th century France matter itself in forms ranging from atoms to anatomies became a privileged object of study This book defines what is at stake in the emergence of an enlightened secular materialism by showing how questions of figure are consistently located at the very heart of 18th century debates on the nature of material substance *Historie De L'Art De L'Antiquité ... Traduite De L'Allemand Par M. Huber* Johann Joachim Winckelmann, 1781 **Image & Imagination** Martha Langford, 2005 A richly illustrated exploration of the imagination in photography featuring the work of over sixty international artists **Bibliothèque Impériale - département des Imprimés.
