More than 600 people die by drowning in Britain every year Swimming is promoted as a particularly safe form of exercise so that swimmers forget or ignore the dangers of frigid lakes swollen rivers incoming tides or outgoing rip currents Drowning accidents take place because we don't recognise water as a hostile environment We overestimate the strength and endurance of our bodies and underestimate the power and deceptiveness of water Year after year victims lose their lives in typical drowning accidents often sinking so quickly and silently that nearby family friends and onlookers fail to notice the tragedy taking place close beside them Babies drown in baths Toddlers drown in garden ponds School children fall off rafts Teenagers strike too far from the shore Pensioners wade into rivers to save their dogs Victims often die within minutes of sinking beneath the surface A quarter of those who reach hospital alive will also die while others survive with severe permanent brain damage This means that it is vitally important for parents grandparents teachers lifeguards and lawmakers to recognise the risks and prevent drowning accidents before they take place *The Bear River Massacre and the Making of History* Kass Fleisher, 2004-04-12 Explores how a pivotal event in U S history the killing of nearly 300 Shoshoni men women and children in 1863 has been contested forgotten and remembered **SON TO FATHER TO SON** Ashish Srivastava, 2018-06-02 Can an unkept promise with your son and his questions take you on a roller coaster fun filled yet a deep hitting ride Rajeev is a typical husband father and son in his personal life In his professional life he is a typical office goer a mediocre performer working hard yet not moving ahead in career He lives his life by the rules of the jungle either hunting or dodging an attack This is the journey of transformation of Rajeev from a hunter to a seeker His partner in this journey is his father who had given up on him long back As Rajeev implements the teachings from his father he encounters very hilarious yet life changing moments When challenged by his son Rajeev makes a connection between his current mediocre life his mediocre grades in school and everything in his life He remembers that his father used to slap him every time he used to get average marks urging him to study and be the best The last that he remembers from his father are the words when he stopped slapping him Life does not exist in decimals it exists as zero or one This is the story of Rajeev becoming what he was born to be Rajeev himself *Emilius* Jean-Jacques Rousseau, 1768 Learning to Laugh Gary McGuire, The attitude of a person measures the altitude of his or her success and happiness Success and as a resultant happiness is not determined by how much you earn or what is your status in society It is determined by whether or not you achieve your chosen goals in life and how you view them Each person's goals are different Therefore it is essential for every individual to crystallize his or her vision in order to develop his her own paradigm and path to success And this book presents a practical guide to achieve success and happiness in life Much of what is written is based on the author's own experiences and the philosophy which he has developed by active interaction with others as well as the study of the writings and experiences of great personalities across the world Unforeseen: Learning to Trust in God's Plan When Life Takes Unexpected Turns Bailey Lynn, 2023-02-07 Bailey Lynn had her life perfectly planned She thought she was on the path that
