Hull,2022-01-10 Follow Ron and Roger Hull through a life that begins in a tiny rural town of Owen Wisconsin at the start of World War II Except for what seems like two epic journeys to Indiana one across Lake Michigan in a terrible storm their world is small But that changes when they enter grade school and their father gets a job driving truck in the big industrial city of Wausau In a big rambling deteriorating Victorian they are in a changing neighborhood with two kinds of kids good kids and bad kids After a run in with the law they decide to stay on the good side The boys took music lessons joined the Boy Scouts but couldn t make it in the rich father run Little League At nine they were introduced to picking green beans in the field for money earning about three dollars for an entire day of work To learn they worked a lot for free Snow shoveling was something they could do and earn some money doing that But even though they had bikes they both decided not to deliver newspapers Just as they were about to enter junior high school their father moved to a trucking company in Marshfield a medium size rural town with homegrown industries like mobile homes shoes and boots woodcraft and hunting outerwear Once again the brothers adjusted well to an environment they considered inferior and backward compared to Wausau They worked at a nearby mobile home factory to provide a substantial part of their college funds College bound from an early age the twins left home at 18 well prepared to be on their own and independent Earning their way as they went through life with the lessons that they learned

from family teachers and friends But active lives lead to mishaps and injury You will learn how both brothers experienced injuries that were quite severe But Ron becoming paralyzed during surgery had to restructure his college career towards a different direction than Roger On his own Ron got an assistantship to the University of Wisconsin to study engineering While there he got a fellowship to Stanford to study engineering closer to his desire Going to California presented a whole new set of adventures Finally near the end of the book you will follow Ron through his overseas trips to Guatemala his missed trips and his trip around the world to Frankfurt Cairo Karachi Bangkok and all of Thailand Bangladesh and the Philippines Inside you will find great adventures with lots of freedom to explore You will also find tragedy because no life is without some of that if you open the pages you may find a bit of yourself portrayed as you read Those times in the mid century of the 20th were wonderful times to live and experience By reading our tales you can vicariously live them with us as well Boomer-1945 Albert L. Sipes, 2020-11-09 Living through the last half of the twentieth century myself and others my age are the Baby Boomer generation From 1945 to the new millennium life was different from the current perspective I offer my viewpoint through the work that I performed my religious affiliations and a modest college education A cancer diagnosis also brought me some introspection The nuts and bolts of life are wrapped up in decisions and our ability to execute a worthy existence The name and dates on our generational tombstones are not enough Like all anecdotes there is more to the story An early dedication to trust in Jesus Christ has made all the difference **Hitchcock's Wood Working Digest** ,1959
