Angelelli,Holly E. Jacobson,2009 Testing and Assessment in Translation and Interpreting Studies examines issues of measurement that are essential to translation and interpreting Conceptualizing testing both as a process and a product the collection of papers explores these issues across languages and settings including university classrooms research projects the private sector and professional associations The authors have approached their chapters from different perspectives using a variety of methods some focusing on very specific variables and others providing a much broader overview of the issues at hand Chapters range from a discussion of the measurement of text cohesion in translation the measurement of interactional competence in interpreting

the use of a particular scale to measure interpreters renditions to the application of a specific approach to grading or general program assessment such as interpreter or translator certification at the national level or program admissions processes These studies point to the need for greater integration of research and practice in the specific area of testing and assessment and are a welcome addition to the field **Interpreting Quality: A Look Around and Ahead** Cornelia

Zwischenberger,Martina Behr,2015-07-31 The issue of quality in interpreting has been debated for almost three decades now This volume is evidence of the sociological turn Interpreting Studies is taking on quality research Based on either a socio cognitive perspective a sociological approach or the situational social variability of the entire source and target context this volume s contributions analyse the respective roles of participants in a communicative event and the objective of an equivalent effect The contributions from Europe North America and Australia signal a trend in the research on quality in interpreting they challenge the concept that sense in a communication is a single stable entity and instead view it as something constructed in a common effort This in turn highlights the interpreter s social responsibility Medical-Surgical Nursing - E-Book Sharon L.
