Handbook Of Psychology And Diabetes:

Handbook of Psychology and Diabetes Clare Bradley, 2013-10-31 This Handbook fulfils a pressing need within the area of psychological measurement in diabetes research and practice by providing access to material which has either been widely dispersed through the psychological and medical literature or has not previously been published Journal articles describing the psychometric development of scales have rarely included the scales themselves but this book includes copies of scales and a wealth of additional information from unpublished theses reports and recent manuscripts You will find information about the reliability validity scoring norms and use of the measures in previous research presented in one volume The Handbook is designed to help researchers and clinicians To select scales suitable for their purposes To administer and score the scales correctly To interpret the results appropriately Dr Clare Bradley is Reader in Health Psychology and Director of the Diabetes Research Group at Royal Holloway University of London Dr Bradley and her research group have designed developed and used a wide variety of measures of psychological processes and outcomes Many of these measures have been designed and developed specifically for people with diabetes Together with diabetes specific psychological measures developed by other researchers internationally these instruments have played an important part in facilitating patient centred approaches to diabetes research and clinical practice *Handbook of Psychology and Diabetes*

Clare Bradley, 1994 **Encyclopedia of Stress**, 2000-04-19 Stress is generally defined as a strain upon a bodily organ or mental power Depending on its duration and intensity stress can have short or long lasting effects it has been linked to heart disease immune deficiency memory loss behavioral disorders and much more These effects on the individual also have a major impact on health care costs and services employee productivity and even violent crime The Encyclopedia of Stress is the first comprehensive reference source on stressors the biological mechanisms involved in the stress response the effects of activating the stress response mechanisms and the disorders that may arise as a consequence of acute or chronic stress While other books focus on specific aspects of stress this three volume set covers the entire spectrum of topics with nearly 400 articles in all In addition to the subjects traditionally associated with the hypothalamic pituitary adrenal axis whereby the brain sends a message to the body to react the Encyclopedia includes a wide range of related topics such as neuroimmune interactions cytokines enzymatic disorders effects on the cardiovascular system immunity and inflammation and physical illnesses It also goes beyond the biological aspects of stress to cover topics such as stress and behavior psychiatric and psychosomatic disorders workplace stress post traumatic stress stress reduction techniques and current therapies The Encyclopedia of Stress makes information easy to find and understand for a broad audience of researchers clinicians professionals and students Key Features Presenting the first ever encyclopedia on stress Brings together the latest information on stressors stress responses and the disorders that can result Covers stress from molecules to man to societies Contains nearly 400 articles covering a wide range of stress related topics Arranges topics in easily found alphabetical order

Supplements each article with a glossary and further reading list Provides the most comprehensive coverage of stress available Includes extensive cross referencing between articles and a complete subject index Covers hot topics ranging from stress in the workplace and post traumatic stress disorder to stress related diseases Edited by one of the world s leading authorities on stress Written by more than 560 experts from 20 different countries Appeals to a wide audience seeking information on topics within and outside their areas of expertise

EBOOK: Chronic Physical Illness: Self-Management and Behavioural Interventions Stanton Newman,Elizabeth Steed,Kathleen Mulligan,2008-12-16 Newman Steed and Mulligan have provided an honest attempt to capture the essential practical material required for those working directly with clients in this growing area As a broad introductory text this book achieves its purpose International Journal of Integrated Care I feel this book would be a great addition on any adult nursing bookshelf especially useful in health promotion community and management modules Any healthcare profession such as nurses doctors occupational therapists who deal with individuals with chronic illnesses will benefit from this book I highly recommend this book a must read for nursing students Isobel Weston Nursing Student Nottingham University UK This groundbreaking book provides a much needed overview of self management in chronic physical illness It provides the theoretical and conceptual background to self management as well as examining issues related to the delivery of self management interventions in chronic illness The chapters systematically review the efficacy and effectiveness of interventions in a range of different chronic conditions including Asthma Coronary artery disease Heart failure COPD Hypertension Diabetes Rheumatoid arthritis Authored by a range of leading international authors each of them experts in the chronic diseases they discuss the book is key reading for a wide range of health care professionals dealing with individuals with chronic conditions including nurses doctors physiotherapists health psychologists and occupational therapists The book concludes by looking at the future of self management for chronic illness Contributors Susan J Blalock Debbie Cooke Angela Coulter Robert F DeVellis Joe Ellins Maarten J Fischer Wendy Hardeman Eric S Hart Paul Higgs Martin Hyde Ad A Kaptein Kate Lorig Patrick McGowan Susan Michie Debra K Moser Serap Osman Jerry C Parker Sheetal Patel Nina Rieckmann Margreet Scharloo Nancy E Schoenberg Timothy C Skinner Jane R Smith Lucia Snoei Frank J Snoek Stephen Sutton John Weinman Manuel Paz Yopez

The Primary Care Toolkit Larry James,William O'Donohue,2008-12-16 Integrated care is receiving a lot of attention from clinicians administrators policy makers and researchers Given the current healthcare crises in the United States where costs quality and access to care are of particular concern many are looking for new and better ways of delivering behavioral health services Integrating behavioral health into primary care medical settings has been shown to 1 produce healthier patients 2 produce medical savings 3 produce higher patient satisfaction 4 leverage the primary care physician s time so that they can be more productive and 5 increase physician satisfaction For these reasons this is an emerging paradigm with a lot of interest and momentum For example the President s New Freedom Commission on Mental Health has recently endorsed redesigning the mental health system so that

much of this is integrated into primary care medicine Clinical Methods in Medical Family Therapy Tai Mendenhall, Angela Lamson, Jennifer Hodgson, Macaran Baird, 2018-03-24 This landmark text describes research informed practices and applications of Medical Family Therapy MedFT across a range of care environments and clinical populations e g family medicine obstetrics and gynecology psychiatry alcohol and drug treatment community health centers and military and veteran health systems It is a timely release for a rapidly growing field It includes the work of some of MedFT s most innovative leaders who expertly illustrate MedFT in action across primary secondary tertiary and other unique health contexts describe the make up of healthcare teams tailored to each chapter s distinct environment s highlight fundamental knowledge and critical skillsets across diverse healthcare contexts detail research informed practices for MedFTs who treat patients couples families and communities Clinical Methods in Medical Family Therapy is a comprehensive source for any behavioral health student trainee or professional looking to understand the necessary skills for MedFTs entering the healthcare workforce It is also an essential read for trainers and instructors who are covering the fundamental MedFT knowledge and skills across diverse healthcare contexts This text was written to be applicable for a wide variety of healthcare disciplines including family therapy counseling nursing medicine psychology and social work **Quality of Life in Child and Adolescent Illness** Hans Koot, Jan Wallander, 2014-01-14 How can we measure the quality of life in children and adolescents with chronic disease Major progress in the diagnosis and treatment of severe and chronic disease has led to an increased number of children and their families having to adapt and cope with the impact of disease survival and the cost of treatment Health professionals have responded to this by developing a diversity of instruments for measuring quality of life for use in paediatrics psychology and public health This book introduces the reader to the emerging field of quality of life assessment and provides a comprehensive overview of the conceptual and methodological issues concerning quality of life in child and adolescent illness Particular emphasis is provided on current efforts to measure the impact of specific chronic conditions on different domains of child functioning Future directions are outlined for the development of appropriate instruments for measuring quality of life in children and adolescents Quality of Life in Child and Adolescent Illness is intended for psychologists paediatricians paediatric nurses child psychiatrists public health professionals researchers and other interested readers from the undergraduate to the working professional HIV and the Brain Robert H. Paul, Ned Charlton Sacktor, Victor Valcour, Karen Tokie Tashima, 2009-04-20 Written by leading experts this book offers a picture of how HIV impairs the brain focusing on emerging areas including genetic strains of the virus interactions between advanced age and HIV and the impact of HIV on the brain during antiretroviral therapy *Perceptions of Health and Illness* Keith J. Petrie, John Weinman, 1997 Provides composite case studies of emotional abuse victims who with the help of intervention therapy and advocacy are moved from states of despair upward to the path of recovery and survivorhood Intervention therapy and advocate are all perspectives used to capture the range of innovative methods for treating emotional abuse

survivors Family and community resources are utilized with an emphasis on the reconnection process integral to moving from victim to survivor of emotional abuse *Therapeutic Outcome of Endocrine Disorders* Brian Stabler, Barry B.

Bercu, 2012-12-06 Changes in the allocation of healthcare resources have raised issues related to the efficacy and outcomes of medical therapy and how such factors may be measured The questions associated with the quality of life and functional capability of patients with chronic health conditions have been of special interest Endocrine disorders have the potential for disrupting the general health and well being of affected individuals and their families thus they warrant serious attention This symposium was convened in November 1997 at Palm Beach Gardens Florida to bring together medical behavioral and social scientists The meeting fostered the presentation and discussion of the most current clinical research on the effects of various therapies on a wide range of endocrine disorders from diabetes to adrenal insufficiency and growth hormone deficiency The participants all noted national and international experts in their fields focused their attention on both the biomedical value and effectiveness of treatment as well as on the impact such treatments have on psychological states such as mood and cognition Many presentations specifically emphasized the quality of life QOL indicators that now regularly appear in many research protocols and reports The pioneering work of two clinical researchers was a major highlight of the meeting and an Award of Recognition was presented to Robert Blizzard M D and John Money Ph D for their innovative and insightful work in pediatric endocrinology and psychosexual development Adherence to Treatment in Medical Conditions

Lynn Myers, 2020-07-24 Poor adherence or compliance to treatment has major medical psychological and economic consequences This monographs provides comprehensive coverage of issues and research in the area of adherence and treatment in medical conditions It covers all aspects within this field and includes chapters on the role of doctor patient communications memory adherence in specific groups such as children and the elderly adherence to different treatments such as diet and exercise and reviews of adherence in specific conditions such as diabetes and asthma *New Insights in Diagnosing and Treatment of Glucose Disorders and Obesity in Children and Adolescents* Enza Mozzillo, Marco

Marigliano, Klemen Dovc, Giulio Maltoni, Valentina Chiavaroli, 2022-01-11 Behavioral Approaches to Chronic Disease in Adolescence William O'Donohue, 2009-06-12 Adolescence is typically fraught with problems even under optimal conditions And when chronic illness is added to the picture medical and related social issues can complicate and even disrupt the course of development The first text geared toward the integrated care setting Behavioral Approaches to Chronic Disease in Adolescence offers clinicians an evidence based guide to helping their young clients manage their chronic conditions and treating the psychosocial effects from school problems and stigma to noncompliance and depression that frequently follow diagnosis Expert contributors present up to date information on epidemiology symptoms comorbid psychosocial problems and treatment options for a variety of common illnesses arranged to foster effective interventions for adolescents and efficient collaboration with other care providers in the team Coverage is comprehensive authoritative and accessible

ensuring best practice while respecting each client's individuality Empirically based treatment guidelines for illnesses commonly found in youth including Type 1 and 2 diabetes asthma cancer obesity and chronic pain Overview of the physiology of adolescence particularly as it may be affected by medical conditions and of adolescent brain development Latest findings on the role of families in teens adjustment to illness and treatment Cultural considerations affecting ethnically diverse clients and their families Detailed discussions of ethical issues relevant to treating chronically ill young people and of controversies involving pharmacotherapy with this population Chapters contain useful handouts for clinicians and clients Taking Care of the Practitioner chapter with helpful strategies for avoiding burnout Its emphasis on specific practical information makes Behavioral Approaches to Chronic Disease in Adolescence a go to reference for health psychologists child and adolescent mental health practitioners pediatricians and family practitioners and clinical social workers

New Trends in Patient Education Jean-Philippe Assal, A. Ph Visser, Alain Golay, 1995 Hardbound This book presents a synthesis of the current knowledge and questions dealing with patient education Medical efficiency in the treatment of chronic diseases relies not only on the biomedical dimension but also on other knowledge and skills coming from the fields of education social sciences and medical psychology Nine diseases and conditions arterial hypertension autonomous dialysis back pain bronchial asthma colostomy diabetes mellitus epilepsy laryngectomy and Parkinson's Disease have been selected in this attempt to highlight the common objectives as well as the common difficulties and the specific characteristics of each into the field of patient education Various topics have been approached coping cost efficiency computer assisted instruction programmes cultural and ethnic differences educating educators empowerment health beliefs interactive learning interdisciplinary team lay associations locus of control p
