The Killing Game examines what draws young men and women to join violent social political movements. It looks at the psychology of young men and women today and the propaganda used by all sides in the Middle East conflicts as well as the security laws and the political initiatives that have been designed to stop Canadians from being radicalized. From the irresistible lure of Marxist Leninism of the 1930s through the 60s and 70s and including the appeal of Nazism to young Germans in the 1930s, this book also investigates what it is that draws young people to join and fight for causes as different as the Spanish Civil War of the 1930s and the Red Brigades of the 1970s but with an emphasis on the attraction of ISIS and radical Islam in our own time.
