Evaluating Instructional Coaching Sharon Thomas, Jim Knight, Michelle Harris, Ann Hoffman, 2021-10-07 A clear and comprehensive guide to evaluating and supporting instructional coaches and coaching programs, including how to recruit, hire, and retain effective coaches. With sound practices in place to evaluate coaching programs, instructional coaches will become better partners; teachers will become better mentors; and students will become better learners. Few evaluation systems are specifically geared toward coaching roles. Ensuring that school districts have accurate information about both coaches and coaching programs is crucial to guide improvement in supporting classrooms as well as in ensuring accountability. With sound evaluation processes in place, districts can effectively evaluate instructional coaches and coaching programs and use data to set goals.
