books and articles about QuickBooks on the web. However, most of these resource materials do not simplify the topic effectively enough for the average reader to understand. They fail to establish a solid foundation for the reader to build upon and do not provide the steps necessary to learn QuickBooks at your own pace. However, this book is different. I take the time to introduce you to QuickBooks and the role it plays in business accounting. The language used is very simple and precise, and very little accounting jargon is used. Every chapter you read will add some valuable knowledge that will help you grasp the key concepts behind QuickBooks. The strength of this book is that it is written in a user guide format complete with images to help you follow each and every step you need to take. This book will teach you about the versions of QuickBooks for both desktop and online use. It is critical that you understand the main features of the various options and plans. I have also included information about how to choose the best version of QuickBooks for your business. You need to know which criteria to consider so that you maximize the great potential that is offered by this accounting software. You will learn how to prepare different types of accounting statements and reports and some of the QuickBooks mistakes you need to avoid. Also included is a handy list of keyboard shortcuts that will help to make you a QuickBooks pro in no time.
