Wagner, 2015-12-17 Charlemagne's Christianisation of the pagans in the Dark Ages of Medieval Europe was brutal enough It could have been far worse without Waldo a more considered Christian by his side Who was Waldo I hear you ask An original document written in Latin on sheepskin in the early middle ages verifies the donation of a Christian church by a certain Waldo in Seeburg a small village in Southern Germany No further historic records of this mysterious Waldo existed I spent two years of intense research to unravel his alleged identity I concluded that Waldo and Charlemagne the mighty Carolus Magnus were like the priest and the soldier who shared a lifelong bond forged in childhood They saw themselves as Christianity's cross and sword put on earth by God to build and defend Christendom in medieval Europe Both men differed in their approach to converting the pagans Charlemagne the soldier believed in a swift decision and the beheading by sword of the unwilling My god is your god My will be done Waldo the priest believed in a more gentle missionary way bringing salvation with bread wine and fear of the unknown and the promise of a better life in heaven Jesus died for us on the cross for our redemption Thy kingdom come Amen They also shared a terrible secret known only to themselves and God It is a secret that history failed to uncover in the last 1250 years Those who read this book with an open mind will hopefully care more about the authenticity of their spiritual experience than the historical authenticity of every chronicled aspect in this novel **The Seven Deadly Sins**, 2007-03-31 This volume presents a selection of essays undertaken by participants in an NEH Summer Seminar in 2004 on the topic of the seven deadly sins viewed individually and as a whole as part of the Begriffsgeschichte of the Middle Ages and beyond in which concepts are constructed within the cultural milieus in which they function The essays in the first part study the political and social ethics of medieval communities In the second part the institutional imperatives within the Church of formulating and teaching about the capital vices are the focus of research In

the final section the contributions deal with ways in which secular artists and authors in particular Dante contribute to the cultural construction of the vices Contributors include Dwight D Allman Bridget K Balint V S Benfell III Dallas G Denery II Laura D Gelfand Susan E Hill Holly Johnson Hilaire Kallendorf John Kitchen Rhonda L McDaniel Richard Newhauser Thomas Parisi and Derrick G Pitard *Universal Dictionary of the English Language* Robert Hunter,1899 **Universal Dictionary of the English Language** ,1898 **Universal Dictionary of the English Language: Rhe-Z** Robert Hunter,1897 **The Seven Deadly Sins** Stanford M. Nordic Moral Climates Ulla Bondeson,2017-09-04 Morality was a dominant theme in the 1990s but concerns about morality seem omnipresent in the first years of the third millennium The year 2002 witnessed the greatest corporate scandals ever seen in the United States with immense impact financially and in human terms Sex scandals were pervasive among

Catholic priests in the United States disrupting the lives of thousands of abused children In Scandinavia moral debates and scandals are of a smaller magnitude and more often related to questions about the handling of money by politicians This volume takes an overarching look at the impact of such moral questions in the Nordic countries Its approach is multi disciplinary embracing philosophy history sociology and political science Based mainly upon a survey of representative samples in Denmark Finland Norway and Sweden this unique study combines interview questions on crime and justice with moral questions concerning equality confidence tolerance and also personal social religious political and national values Bondeson first discusses the Nordic countries from a historical perspective and in statistical terms She then presents interview data on the general sense of justice in Nordic countries in particular exploring how much social and legal equality the Scandinavians have achieved in their welfare states She touches upon criminal behavior and victimization and discusses crime prevention and punishment Bondeson also reviews the problems and methods of the study Finally she adds depth to the statistical analysis by using a number of indexes of morality A trend analysis illustrates the stability of these attitudes over time Nordic Moral Climates is an original empirical study of moral values in Scandinavia It is one of the few comprehensive studies on this subject conducted in any nation or group of nations The book will be of great interest to criminologists sociologists and social theorists **Wykked Wyves and the Woes of Marriage** Katharina M.

Wilson, Elizabeth M. Makowski, 1990-08-27 The distrust and hatred of matrimony is a recurring theme in Western literature In this volume Wilson and Makowski show that in their repeated imagery continuous themes and rhetorical devices misogynous texts closely parallel and reflect economic and demographic shifts and theological and legal innovation Analysis of the literature demonstrates a link between the growing secularism and careerism of the late middle ages and the reduction of women s social status and public options *Doctor Faustus*, by C. Marlowe. *Lust's dominion. Mother Bombie; Midas*, by John Lyly Charles Wentworth Dilke, 1814 **Wooden Images** Juanita Ballew Wood, 1999 Using 163 photographs of images carved on the underside of medieval choir stalls in the churches and cathedrals of England in the thirteenth through sixteenth centuries this work provides a spirited examination of the social history of ordinary men and women during the late medieval period This examination is particularly useful in that the choir stalls have become less accessible to the public in recent years Misericords have received some scholarly attention but this work is the first to interpret the carvings as social commentary They are not examined as decorative embellishments or pieces of church furniture but rather read as intimate glimpses into the thoughts actions and beliefs of a segment of the English medieval population Whatever amused angered frightened or elated the common person is recorded here in these extraordinary records **A Dictionary of Miracles** Ebenezer Cobham Brewer, 1894 Aspects of Romantic Love Dr. George Vareekal, 2022-03-28 Aspects of Romantic Love Perceptions on Love and Marriage is a modest attempt to express my perceptions of romantic love and related themes To love and to be loved are exciting aspects of a person s emotional life The pivotal theme of the book is love

romance marriage and those alliances which hamper a harmonious conjugal and family life Romantic love is a fascinating passion and an ecstatic experience The very word romance captures our imagination and fills our hearts with exciting feelings The book is not a scientific treatise on love It only encapsulates romantic love with all its appealing themes My effort is to describe the splendid experience called love exclusively through my impressions The book is a product of the year 2020 marred by the Covid 19 pandemic and the terrible human exodus during the lockdown of 2020 The unexpected global and national scenario gave ample time and opportunity for reading writing and reflection Writing on a subject like romantic love helped overcome the lethargy and the feeling of devastation during the lockdown It has been an exciting creative activity and a marvellous sensation of diversion
