Facilities Management Handbook 4th Edition 2009:

Facilities Management and the Business of Managing Assets Danny Then Shiem-Shin, Tan Teng Hee, 2004-08-15

The importance of facilities management to the effective operation of all businesses is now widely accepted. Where there continues to be debate is on what constitutes a successful approach and how much attention it should be given within an overall business plan. Drawing on both research and current practice, this book provides a systematic, innovative and business-focused approach to the management of facilities assets. The reader will discover why and how to use facility assets to achieve business goals and strategies by aligning them as a resource. Striking a balance between management and technical aspects, the book covers the basics of facilities asset management and the key elements of a systematic management approach: the key supporting capabilities for facilities management as a business function; a framework for considering strategic alignment of facilities assets and associated services with business needs; the role of life cycle asset management and its contribution to business resource management. The message of this book and the benefits it can bring to businesses everywhere make it essential reading for executives as well as facilities managers. Its detailed explanations of all of the key concepts involved and lists of recommended further reading also make it an excellent resource for those new to the industry and for students of property or facilities management.

Manual de Manutenção de Edifícios Hugo Prata, 2013-03-19

IMPRESSO A PRETO E BRANCO Esta obra vem complementar uma área específica em que a documentação não abundante como a gestão da manutenção em edifícios. Um livro prático com diversas ilustrações e uma linguagem muito acessível para técnicos, gestores e engenheiros que desenvolvem tarefas na área da manutenção de edifícios. Uma obra que fazia falta na especialidade do Facility Management com dicas e informações muito teis para a otimização da performance de equipamentos e instalações. A obra contempla diversas especialidades que vão desde a organização da gestão de ativos até a descrição particular de equipamentos específicos como chillers, postos de transformação, geradores, grupos de bombagem, abastecimento de água e de serviço para incêndios e muitos outros. Uma obra original e fundamental de leitura muito acessível e prática. O livro foi feito para ser editado a cores, mas face ao custo significativo, existe esta versão a preto e branco.

Constructing Professional Discourse Concepción Orna-Montesinos, 2012-01-17 This book explores the fascinating role that language plays in the construction of non verbal objects by mapping out the ontological meaning of the specialised concepts and the domain specific knowledge embedded in them In doing so it provides a comprehensive linguistic insight into the discourse of professional domain specific communities and hence into the communication practices and procedures of those communities In this respect the book offers a response to the claims made by many of the most influential applied linguists today such as Vijay Bhatia 1993 2004 John Swales 1990 2004 or Ken Hyland 2002 among others who have consistently defended the need for applied linguistic research into the textual generic and social perspectives on the under researched interrelatedness of the discursual and professional practices of a discipline Specifically this book provides readers with an integrative multi perspective approach to the study of professional domain specific discourses While it mainly draws on the tenets of genre theory and discourse semantics it also nurtures from the theoretical and empirical foundations of applied linguistics cognitive linguistics corpus linguistics and ontological engineering The book starts from the analysis of domain specific texts as final written products with specific lexico grammatical semantic and rhetorical features to later enquire into the written products as textual artefacts closely linked to the social context of production and interpretation of

the text This integrative approach provides fresh new insights into the way the processes of writing are affected by the community specific institutional and socio historical circumstances in which domain specific texts are produced
