Kajander,Jennifer Holm,Egan J Chernoff,2018-10-24 This volume brings together recent research and commentary in secondary school mathematics from a breadth of contemporary Canadian and International researchers and educators It is both representative of mathematics education generally as well as unique to the particular geography and culture of Canada The chapters address topics of broad applicability such as technology in learning mathematics recent interest in social justice contexts in the learning of mathematics as well as Indigenous education The voices of classroom practitioners the group ultimately responsible for implementing this new vision of mathematics teaching and learning are not forgotten Each section includes a chapter written by a classroom teacher making this volume unique in its approach We have much to learn from one another and this volume takes the stance that the development of a united vision supported by both research and professional dialog provides the first step **Teaching to Change the World** Jeannie Oakes,Martin Lipton,Lauren

Anderson, Jamy Stillman, 2018-01-29 *Teaching to Change the World* is an up to the moment engaging social justice oriented introduction to education and teaching and the challenges and opportunities they present Both foundational and practical the chapters are organized around conventional topics but in a way that consistently integrates a coherent story that explains why schools are as they are Taking the position that a hopeful democratic future depends on ensuring that all students learn the text pays particular attention to inequalities associated with race social class language gender and other social categories and explores teachers role in addressing them This thoroughly revised fifth edition remains a vital introduction to the profession for a new generation of teachers who seek to become purposeful knowledgeable practitioners in our ever changing educational landscape for those teachers who see the potential for education to change the world Features and Updates of the New Edition Fully updated Chapter 1 The U S Schooling Dilemma reflects our current state of education after the 2016 U S presidential election First person observations from teachers including first year teachers continue to offer vivid authentic pictures of what teaching to change the world means and involves Additional coverage of the ongoing effects of Common Core highlights the heated public discourse around teaching and teachers and charter schools Attention to diversity and inclusion is treated as integral to all chapters woven throughout rather than tacked on as separate units Digging Deeper resources on the new companion website include concrete resources that current and future teachers can use in their classrooms Tools for Critique provides instructors and students questions prompts and activities aimed at encouraging classroom discussion and particularly engaging those students least familiar with the central tenets of social justice education

Exemplary Elementary Social Studies Sherry L. Field, Jeff Passe, Andrea S. Libresco, Janet Alleman, 2014-04-01 In many elementary classrooms social studies has taken a back seat to English Language Arts and Mathematics in the wake of No Child Left Behind and Race to the Top This volume is not another hand wringing lament On the contrary the elementary educators who have contributed to this volume have a positive set of stories to tell about how social studies can play a central role in the elementary classroom how teachers can integrate social studies knowledge and skills throughout the school day and how this learning can carry over into children s homes and communities The seven case studies in this book one at each elementary grade level highlight exemplary teachers in whose classrooms social studies is alive and well in this age of accountability At the end of each case study each teacher provides advice for elementary teachers of social studies Our hope is that elementary teachers and prospective teachers elementary principals social studies supervisors staff developers and professors of elementary social studies methods who study the stories that we tell can be empowered to return social studies to its rightful place in the curriculum
