iPhone 7 & 7 Plus for Seniors Michael Galesso, 2016-10-04 The Apple iPhone 7 is the latest release from Apple in their smart phone line. This device was released to the public in September 2016 under the usual person the Apple CEO Tim Cook. This device has received a lot of reviews that compliment it on keeping the trend of great features and providing an easy to use device in the Apple smartphone line up. There are many new things that have been added and things that have been improved. These were done to ensure that all users were happy and it could benefit their lives. The phone comes with a large memory size and great services such as Apple Pay. The outer coating of the phone is also dust and water resistant which will help to preserve the device longer than before. It comes with the latest operating system and fast movements so you will not be left behind in what you do. The display is enhanced to allow the user to see clearly and has great features to allow you to read your information clearly and conveniently.

Artificially Intelligent David Eliot, 2025-10-21 The story of AI isn't finished yet. The question is how will you be part of it. With the unprecedented adoption of artificial intelligence and its far reaching implications, people everywhere are witnessing the world change around them. Artificially Intelligent answers today's most pressing questions about AI from the fundamental to the futuristic, offering readers a new informed worldview. In an age of unparalleled innovation and change, artificial intelligence has become the heart of our fears, discussions, and debates. Thus AI researcher and award winner David Eliot takes readers on a journey through the key moments and decisions that have shaped its creation and our world. A socially driven history, the book explores its technical breakthroughs and the social forces that made them possible. But this book isn't just about the past; it's about you. Artificially Intelligent invites readers to find their place in the story of AI, to understand its impact on their lives, and to decide what kind of future they want to help create. Artificially Intelligent tells the story of the technology the way it was meant to be told: not as an exhaustive retelling of history, nor as a prophecy of doom and gloom, but as a human story that is not yet complete.
