Les Fondamentaux Droit Public Économique:

Droit public économique Jean-Paul Valette, 2019-09-04 Le droit public économique est une discipline juridique en plein essor qui permet la réalisation de la politique économique des pouvoirs publics conformément à l'impératif d'intégration. En profonde mutation et diversification, il nécessite une approche historique conceptuelle et empirique appropriée afin de dégager les grandes problématiques actuelles, notamment une logique de régulation économique et financière de la société. Ce manuel synthétique couvre le programme de droit public économique habituellement enseigné en Licence ou Master de droit et d'AES, ainsi que dans les IEP. Il constitue également un outil de préparation efficace en vue des nombreux concours de l'Administration, ENA, IRA, Administrateur ou Attaché territorial de la Magistrature, ENM, Conseiller TA, CAA ou de l'examen d'entrée au Barreau, CRFPA.

Il couvre le programme de droit public économique enseigné en Licence ou Master de droit et d'AES, ainsi que dans les IEP. Il enseigne également à l'université Paris II Panthéon Assas.

Droit public de l'économie Jean-Paul Valette, 2021-09 *Droit public économique* Frédéric Colin, 2008 La contestation contemporaine relative au rôle des institutions publiques dans l'économie face à la mondialisation, notamment, ne fait que renforcer la nécessité de formaliser une branche du droit susceptible de décrire les relations nécessaires entre les représentants de la volonté générale et les acteurs du secteur économique. C'est l'objet du Droit public économique, qui s'intéresse aux causes et aux effets de l'action publique des organismes dotés d'une mission d'intégration dans la sphère économique. La majeure partie des règles qu'il met en œuvre appartiennent au domaine juridique, même si ce sont des considérations économiques et sociales qui leur ont donné naissance.

Droit public économique André de Laubadère, 1969 *Droit public économique* Dorian Piette, Raphaël Romi, Didier Linotte, 2022-03-03 *Éléments de droit public général*, 1993 *L'essentiel du droit public économique* Frédéric Colin, 2012 Le droit public s'insère dans un contexte socio-économique avec lequel il interagit constamment. Les organes publics d'action économique sont variés : Parlement, administrations centrales et territoriales de l'État, collectivités décentralisées.

Les sources du droit public économique consacrent des principes libéraux qui fondent l'action économique publique. Les pouvoirs publics reconfigurent actuellement en profondeur leur action dans le sens d'une modernisation du secteur public et d'un encadrement toujours croissant des aides publiques. Au total une présentation synthétique rigoureuse et pratique du droit public économique.

Droit public de l'économie Pierre Delvolvé, 1998-01-01. S'il n'existe sans doute pas de droit public économique entendu comme une branche spécifique du droit, le droit public détermine les conditions et les modalités de l'intervention de l'Etat et des autres personnes publiques dans l'économie. La libéralisation de celle-ci tant par l'assouplissement des règles qui la régissent que par le développement des privatisations a certes restreint le rôle de l'Etat et la place du secteur public dans l'économie, elle n'a pas fait disparaître le droit public de l'économie. Ne serait-ce que parce que c'est lui qui détermine jusqu'où et comment les institutions publiques peuvent se retirer de l'économie. C'est dans le droit public que se trouvent les principes fondamentaux de l'activité économique au premier rang desquels la liberté d'entreprendre, ainsi que toutes les libertés en particulier de circulation liées au droit communautaire. Les institutions publiques ont dû adapter tant dans leur organisation tant que dans leurs modes d'action pour s'occuper de questions économiques. La planification la française a particulièrement cherché des innovations. Si elle est aujourd'hui dépassée, elle trouve encore des prolongements dans l'aménagement du territoire. En matière monétaire et financière dans le domaine des prix et de la concurrence et même dans celui des relations extérieures, il existe des organes et des règles spécifiques, l'originalité des institutions, par exemple la Banque de France, la commission des opérations de bourse, le conseil de la concurrence et des mesures qu'elles prennent relevant plus de la régulation que de la réglementation, n'empêche qu'elles exercent un rôle qui se rattache à l'une des fonctions essentielles des pouvoirs publics, celui de la police, dont le droit public détermine classiquement l'organisation et l'exercice. Les entreprises publiques, si elles sont aujourd'hui moins nombreuses, n'en gardent pas moins une importance quantitative et qualitative. Leur statut, leur régime ont toujours présenté une certaine complexité. Leur soumission à la concurrence impose désormais la fois une clarification et une adaptation. Le présent ouvrage, s'il est principalement axé sur le droit public interne, tient compte des implications directes du droit communautaire sur le rôle de l'Etat dans l'économie.

Droit public et vie économique, cours professé à l'École nationale d'organisation économique et sociale Charles Celier, 1949.

Droit public économique Martine Cliquennois, 2001. Le droit doit-il encadrer l'économie, aider ou subventionner l'activité économique ou au contraire laisser faire totalement le marché ? Pourquoi le monde économique rejette-t-il l'intervention des pouvoirs publics dans certaines hypothèses, alors qu'il la réclame dans d'autres ? Les rapports entre monde administratif et monde économique sont complexes et l'actualité oblige à interroger sur la relation entre droit public et économie. Le droit public, objet économique, possède ses principes, ses institutions, ses acteurs, ses règles, ses mécanismes propres. Ce livre est une grille de lecture permettant de les comprendre et de les analyser. À la manière d'une série de

exposés sont présentés les principes du droit public économique constitutionnels ou européens les acteurs Parlement gouvernement et plus particulièrement ministère de l'Economie et des Finances services concentrés de l'Etat Banque de France organes de régulation des marchés bancaire boursier et financier collectivités territoriales représentations professionnelles les procédés les plus utilisés réglementation contractualisation recours aux sociétés d'économie mixte planifications marchés publics les principales politiques équipement commercial concurrence secteur public aides publiques L'ouvrage s'adresse aux étudiants en droit sciences économiques gestion administration économique et sociale préparant des concours recherchant une culture administrative et tous ceux qui veulent approcher l'articulation des relations entre l'économie et le droit

Droit public économique français et européen Georges S. Vlachos, Georges Vlachos, 2001 La comparaison de l'enseignement des sciences juridiques et économiques conduit une vision tronquée de la vie économique Le droit et l'économie ne constituent pas en effet deux univers indépendants ou opposés les rapports économiques s'expriment travers des règles juridiques qui les consacrent et les légitiment les rapports de production et d'échange revêtent la forme juridique Le droit constitue ainsi la possibilité du fonctionnement de l'économie Le droit public économique est caractérisé par son fondement l'intervention économique des personnes publiques avec des prérogatives de puissance publique et son étendue puisqu'il fait appel toutes les branches du droit public droit international et droit communautaire droit constitutionnel finances publiques et droit fiscal droit administratif Il a contribué à élaborer des solutions nouvelles en enrichissant le droit public mais sa finalité est différente il ne s'agit pas de régler une fois pour toutes les relations entre différents sujets de droit mais d'exercer une influence sur le comportement des agents économiques ce qui oblige prendre en considération leurs besoins et leurs aspirations et s'adapter aux fluctuations de la vie économique L'ouvrage est novateur dans la méthode et le contenu de l'exposé de la matière car pour la première fois un manuel de droit étudie le droit public économique dans le cadre de la structure objectifs de la politique économique instruments juridiques de leur exécution Seule cette présentation rend compréhensible et cohérente cette matière difficile car les textes sont dispersés et qu'il n'existe pas de code de droit public économique

Droit public économique Jean-Yves Chérot, 2002 L'ouvrage traite les thèmes suivants La neutralité de la Constitution en matière de politique économique Les règles de concurrence communautaires applicables aux Etats membres Les institutions publiques de l'économie et leurs missions Administration et concurrence L'accès aux marchés publics et aux conventions de délégation de service public La politique des services d'utilité publique L'action économique des collectivités locales Il pourra servir pour un enseignement actualisé du droit public économique qui doit rendre compte de changements rapides et profonds réalisés en peu d'années Il pourra être utilisé par les étudiants de maîtrise en droit de licence AES et des instituts d'études politiques Il est également destiné aux professionnels du droit et aux chercheurs en droit et en économie

Droit public économique Jean-Philippe Colson, Pascale Idoux, 2012 Le r

le de l'Etat dans les affaires économiques et la discipline juridique qui l'encadre sont aujourd'hui fortement sollicités du fait d'une crise financière économique et monétaire appelant des mesures de soutien de relance et surtout de régulation. Qu'elle intervienne pour encadrer les activités économiques privées ou en qualité d'entrepreneur ou de partenaire, la puissance publique doit désormais inscrire son action dans une perspective régulatrice globale intégrant la dimension européenne et internationale ainsi que les paramètres sociaux et environnementaux dans le calcul d'efficacité optimale qui doit animer sa stratégie. Cette 6^e édition intègre les évolutions récentes des textes et de la jurisprudence relatives aux principes nationaux et supranationaux aux divers instruments de l'action publique sur l'économie : actes unilatéraux, contrats, partenariats, variétés, valorisation du domaine, prises de participation, aides publiques, répression des pratiques anticoncurrentielles, contrôle des concentrations, urbanisme, commercialisation des dispositifs de régulation sectorielle, ainsi qu'aux acteurs, institutions, variétés, entreprises publiques. L'originalité de ce manuel tient d'abord de la coexistence d'une approche pratique et technique de l'ensemble des règles du droit public intégrant les activités économiques publiques et privées avec une mise en perspective de leur contribution à la régulation globale de l'économie. Elle tient ensuite de l'incorporation continue de l'étude du rôle économique des autorités tatiques et décentralisées d'une présentation synthétique des régulateurs internationaux et européens de l'économie dans la perspective de l'intégration progressive d'un gouvernement économique européen. Cet ouvrage s'adresse aux étudiants de Licence 3 et de Master 1 et 2, aux candidats à l'examen d'accès aux centres de formation à la profession d'avocat (CRFPA) et aux praticiens du droit public des affaires, avocats, juristes d'entreprise ou des collectivités publiques, ainsi qu'à tous ceux qui s'intéressent à la régulation juridique de l'économie.

Précis de droit public Patrick Fraisseix, Jean-Paul Valette, 2000. Ce Précis de droit public présente dans un volume volontairement réduit les principes juridiques fondamentaux constitutionnels et administratifs. Il vise la fois la tentation du résumé des notions et la vaine exhaustivité des développements. Il s'agit d'librement de faire comprendre les règles essentielles du droit public par des exposés les situant dans leurs perspectives historique, théorique et contemporaine. Le Précis est donc particulièrement destiné aux candidats aux concours administratifs qui doivent prouver lors des preuves auxquelles ils se destinent aussi bien la compréhension de la matière que la connaissance précise des bases du droit public. Les étudiants en droit, en administration économique et sociale, en science politique, ainsi que le public le plus large peuvent également s'en servir comme d'un ouvrage de référence.
