Richard, 2022-03-15 The Petty Officer's Guide is written and edited by petty officers for petty officers. It is designed to ensure Navy Petty Officers are ready to fight and win wars at sea, under the sea, in the air, on land, and in outer space and cyberspace by exposing junior Petty Officers to innovative and modern leadership methodologies. Serving as the premiere leadership guide to junior Navy Petty Officers, it enhances development processes and tools such as the Navy Leader Development Framework, Education for Sea Power Sailor 360, and Enlisted Leader Development courses. Furthermore, it reinforces modern lines of effort identified in the Chief of Naval Operations Design for Maritime Superiority and promotes the development of innovative leaders and strategic thinkers. **Sexual Assault in the U.S. Military** Rosemarie Skaine, 2015-12-01 This book provides an in-depth analysis of sexual assault in the military from historical and contemporary perspectives, offering suggestions that could change the existing culture and approaches that will reduce or eliminate sexual assault in the armed forces. Sexual assault has been an aspect of the U.S. military historically and is today widely recognized as a significant problem with far-reaching repercussions. How does sexual assault negatively impact not only the victims themselves but also the U.S. military's strength, readiness, and morale? This book answers these questions and documents the problems with reporting and prosecuting sexual assault complaints within our armed forces. It examines the current policy and laws to identify what changes are needed and analyzes recent efforts to prevent sexual assault. Author Rosemarie Skaine introduces the subject with a historical perspective that covers women, men, gays, and lesbians and non-military personnel as the subjects of sexual assault and provides readers with clear definitions of sexual harassment and sexual assault. The chapters explain how sexual assault negatively affects the military's performance as a whole, thereby serving to undermine national security, and covers preventative approaches and legislation intended to change the current military culture. The book also includes a bibliography, tables of key figures, and footnotes and endnotes that fully document the data presented.
