

Emergency Department Coding Policy

Emergency department (ED) physicians often perform acute strategies, procedures, and high-risk interventions (e.g., chest tube, intubation) without the support of the hospital's coding department. This policy is designed to help ED physicians understand the importance of accurate coding and to provide them with the resources they need to ensure that their coding is accurate.

ED physicians should be aware of the following: 1. The importance of accurate coding for patient care, billing, and research. 2. The importance of accurate coding for the hospital's financial health. 3. The importance of accurate coding for the hospital's reputation. 4. The importance of accurate coding for the hospital's compliance with federal and state regulations. 5. The importance of accurate coding for the hospital's accreditation.
