What is land A resource to be exploited A commodity to be traded A home to cherish In Guatemala a country still reeling from
thirty six years of US backed state repression and genocides dominant Canadian mining interests cash in on the
transformation of land into property while those responsible act with near total impunity Editors Catherine Nolin and
Grahame Russell draw on over thirty years of community based research and direct community support work in Guatemala to
expose the ruthless state machinery that benefits the Canadian mining industry a staggeringly profitable juggernaut of
exploitation sanctioned and supported every step of the way by the Canadian government This edited collection calls on
Canadians to hold our government and companies fully to account for their role in enabling and profiting from violence in
