background practical experience and best practices necessary for the successful provision of children's services in today's public library. Whether you are a part-time children's librarian in a small rural library, a generalist assigned to provide children's programming in a medium-sized library, or a paraprofessional working in the children's department in a large urban library, this practical guide will help you implement dynamic programs and services that meet the needs of today's children and families. The Waterways Journal, 1972. *How Everything Can Collapse* Pablo Servigne, Raphaël Stevens, 2020-03-27. What if our civilization were to collapse? Not many centuries into the future, but in our own lifetimes. Most people recognize that we face huge challenges today from climate change and its potentially catastrophic consequences to a plethora of socio-political problems, but we find it hard to face up to the very real possibility that these crises could produce a collapse of our entire civilization. Yet we now have a great deal of evidence to suggest that we are up against growing systemic instabilities that pose a serious threat to the capacity of human populations to maintain themselves in a sustainable environment. In this important book, Pablo Servigne and Raphaël Stevens confront these issues head-on. They examine the scientific evidence and show how its findings, often presented in a detached and abstract way, are connected to people's ordinary experiences, joining the dots as it were between the Anthropocene and our everyday lives. In so doing, they provide a valuable guide that will help everyone make sense of the new and potentially catastrophic situation in which we now find ourselves. Today, utopia has changed sides; it is the utopians who believe that everything can continue as before, while realists put their energy into making a transition and building local resilience. Collapse is the horizon of our generation. But collapse is not the end; it's the beginning of our future. We will reinvent new ways of living in the world and being attentive to ourselves, to other human beings, and to all our fellow creatures. **Doctors and Distillers** Camper English, 2022-07-19. At last, a definitive guide to the medicinal origins of every bottle behind the bar. This is the cocktail book of the year, if not the decade. Amy Stewart, author of *The Drunken Botanist* and *Wicked Plants*. A fascinating book that makes a brilliant historical case for what I've been saying all along: alcohol is good for you. Okay, maybe it's not technically good for you, but English shows that, through most of human history, it's sure beat the heck out of water. Alton Brown, creator of *Good Eats*. Beer-based wound care, deworming with wine, whiskey for snakebites, and medicinal mixers to defeat malaria, scurvy, and plague. How today's tipples were the tonics of old. Alcohol and Medicine have an inextricably intertwined history with innovations in each altering the path of the other. The story stretches back to ancient times when beer and wine were used to provide nutrition and hydration and were employed as solvents for healing botanicals. Over time, alchemists distilled elixirs designed to cure all diseases; monastic apothecaries developed mystical botanical liqueurs; traveling physicians concocted dubious intoxicating nostrums; and the drinks we're familiar with today began to take form. In turn, scientists studied fermentation and formed the germ theory of disease and developed an understanding of elemental gases and anesthetics. Modern cocktails like the Old Fashioned, Gimlet, and Gin and Tonic were born as delicious remedies for diseases and discomforts. In *Doctors and Distillers*

cocktails and spirits expert Camper English reveals how and why the contents of our medicine and liquor cabinets were until surprisingly recently one and the same     **Watson's Weekly Art Journal** ,1882 Some volumes contain music     **The Art of the Shim** Dinah Sanders,2013-09-05 More drink Less Drunk You deserve a great cocktail and you don t have to over indulge to get it Shims serious low alcohol cocktails are where everyone can come together whether it s for the one drink of the evening or when this is but the first of many This book is your invitation to a world of delicious sophisticated drinks which provide all their pleasures without walloping you over the head with booze Celebrate two centuries of the cocktail with recipes for every taste from the sunny cheerfulness of a Ben s Good Humor to slow sippers like the Bitter Giuseppe Cheers

*Vegas Brews* Michael Ian Borer,2019-10-22 An inside look at how craft beer makers and IPA devotees come together to brew taste and enjoy fine ale while also building a sense of community in Las Vegas Equally reviled and revered as Sin City Las Vegas is both exceptional and emblematic of contemporary American cultural practices and tastes Michael Ian Borer takes us inside the burgeoning Las Vegas craft beer scene to witness how its adherents use beer to create and foster not just a local culture but a locals culture Through compelling detailed first hand accounts and interviews Vegas Brews provides an unprecedented look into the ways that brewers distributors bartenders and drinkers fight against the perceived and preconceived norm about what happens in Vegas and lay claim to a part of their city that is too often overshadowed by the bright lights of tourist sites Borer shows how our interactions with the things we care about and the ways that we care about how they re made treated and consumed can lead to new senses of belonging and connections with and to others and the places where we live In a world where people and things move around at an extraordinary pace the folks Borer spent time talking and drinking with remind us to slow down and learn how to taste the good life or at least a semblance of it even in a city where style is often valued over substance     Fizz, Boom, Read Diane Findlay,Kapila S.
