**Expressive Spaces in Digital 3D Cinema** Owen Weetch, 2016-09-26 This book puts forward a more considered perspective on 3D which is often seen as a distracting gimmick at odds with artful cinematic storytelling. Owen Weetch looks at how stereography brings added significance and expressivity to individual films that all showcase remarkable uses of the format. *Avatar*, *Gravity*, *The Hole*, *The Great Gatsby* and *Frozen* all demonstrate that stereography is a rich and sophisticated process that has the potential to bring extra meaning to a film's narrative and themes. Through close reading of these five very different examples, *Expressive Spaces in Digital 3D Cinema* shows how being sensitive to stereographic manipulation can nuance and enrich the critical appreciation of stereoscopic films. It demonstrates that the expressive placement of characters and objects within 3D film worlds can construct meaning in ways that are unavailable to flat cinema.

Newell, David Bloome, 2020-04-23 Introducing a new framework for teaching and learning literature in secondary schools, this book presents Dialogic Literary Argumentation as an inquiry-based approach to engage students in communicating and exploring ideas about literature. As a process of discovery, Dialogic Literary Argumentation facilitates conversation, arguing to learn as a method to support students' diverse perspectives and engagement with one another in order to develop individual and collective understandings of literature and their place in the world. Covering both the theoretical foundation and application of this method, this book demonstrates how to apply Dialogic Literary Argumentation to teach literature in a way that foregrounds dialogue, learning through inquiry, diverse views, listening to others, and engagement with our communities. Ideal for preservice teachers in literacy methods courses and practicing teachers, it features real-world cases, discussions of the principles presented, resource lists, and conversation starters for professional learning communities, professional development, and teacher education.
