*The Hard Facts of the Grimms' Fairy Tales* Maria Tatar, 2019-01-22 Murder mutilation cannibalism infanticide and incest the darker side of classic fairy tales is the subject of this groundbreaking and intriguing study of Jacob and Wilhelm Grimm's Nursery and Household Tales This expanded edition includes a new preface and an appendix featuring translations of six tales with commentary by Maria Tatar Throughout the book Tatar draws on the disciplinary tools of psychoanalysis and folklore while also providing historical context to explore the harsher aspects of these stories presenting new interpretations of tales that engage in a kind of cultural repetition compulsion No other book so thoroughly challenges us to rethink the happily ever after of these classic stories *Grimm Fairy Tales. Poster Box*, 2014 *Brick Fairy Tales and Greek Myths: Box Set* Amanda Brack, John McCann, Monica Sweeney, Becky Thomas, 2015-10-06 Cinderella the almighty Zeus and LEGO Respectively Brick Fairy Tales and Brick Greek Myths were both huge hits Now for the first time both of these books are available in a beautiful box set with two thousand full color photographs depicting your favorite fairy tale characters and the almighty gods of Mount Olympus First enter the magical world of fairy tales retold through LEGO bricks with Brick Fairy Tales Filled with creative and whimsical settings built from this universally celebrated toy the book presents an all new retelling of the original Grimm's fairy tales of Cinderella Rapunzel Snow White and the Seven Dwarfs Hansel and Gretel and more Watch the clock strike twelve as Cinderella leaves her glass slipper behind at the ball and see just how long brick Rapunzel's hair can grow as she waits in her tower Then venture to Mount Olympus and meet the Greek gods as you have never seen them before in Brick Greek Myths Watch Athena spring from the head of Zeus and see Poseidon as he rules the seas with his mighty trident Maintain hope with Pandora as her curiosity gets the best of her and beware the Nemean lion as Hercules repents for his misdeeds Skyhorse Publishing as well as our Arcade Yucca and Good Books imprints are proud to publish a broad range of books for readers interested in fiction novels novellas political and medical thrillers comedy satire historical fiction romance erotic and love stories mystery classic literature folklore and mythology literary classics including Shakespeare Dumas Wilde Cather and much more While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home [Catalogue of the Printed Books in the Library of the Faculty of Advocates](#), [British Museum Catalogue of printed Books](#), 1882 *Grimm's Fairy Tales* Grimm Brothers, 2021-02-08 TO our American boys and girls is offered this volume which is really Grimm's Fairy Tales not an abridgment superficial and colorless nor an insipid retelling of the stories This edition is based on the Hunt version with an introduction by the folklorist Andrew Lang The Hunt version is considered a most accurate English translation From the full collection fifty one stories suitable for children have been selected Among these are famous tales as well as many delightful ones not usually included in children's volumes Where the Hunt wording is too stilted the text of the Hausmann edition itself has been followed The very long sentences have been

subdivided While that quaint old fashioned translation illustrated with woodcuts by Wehnert has contributed its bit of folk phraseology The Editor s desire is to restore to the children as large a collection as possible of Grimm s Fairy Tales unmutilated in their literary perfection The illustrations are by the well known Dutch artist Mrs Rie Cramer Some of Rie Cramer s other fairy tale pictures published in England are said by admiring critics there to be very charming of exceptional merit and to have high artistic merit of their own Her illustrations for Grimm are particularly harmonious in color while their quaint charm grows on one more and more as one lives with them They are fanciful or humorous They have the quality rare in fairy tales of actually illustrating their text This will mean added pleasure to the children Rie Cramer s little black and white headings are particularly pretty and graceful in outline The tales are presented here in their original form with nothing left out of child heartedness humor poetic feeling and delicate sentiment and fancy Indeed it is all here the poesy and purity which those profound and child loving scholars the Brothers Grimm retained in the old folk tales which with so much pains they gathered largely from among the peasant folk themselves And the Brothers explained in their preface that they had planned the volume as an educational book as well as one for scholars for which reason they had eliminated everything which they feared might harm the children But since the Brothers issued their book about a hundred years ago educational requirements of what is ethically best for children have materially advanced Therefore in this book a few other parts unsuitable for children have been omitted So now this volume of Grimm s Fairy Tales is offered to our American boys and girls and may they have continued delight in the beautiful old folk fictions which have come down to us from the fresh and sparkling meadows and woods of ancient days Fathers and mothers too will enjoy reading the tales aloud and sharing with the children the humor and the deep but simple ethical truths so tenderly and poetically set forth therein Teachers and story tellers also may find in this sincere version rich material for kindling the imagination and feeding the poetic fancy of their pupils The Editor Frances Jenkins Olcott

**Grimm Ripples: The Legacy of the Grimms' Deutsche Sagen in Northern Europe** ,2022-04-04 This book sheds new light on the central role of the Grimms all too often neglected Deutsche Sagen German Legends published in 1816 1818 as a follow up to their famous collection of fairy tales As the chapters in this book demonstrate Deutsche Sagen with its firmly nationalistic title set in motion a cultural tsunami of folklore collection throughout Northern Europe from Ireland and Estonia which focused initially on the collection of folk legends rather than fairy tales Grimm Ripples focuses on the initial northward wave of collection between 1816 and 1870 and the letters introductions and reviews associated with these collections which effectively demonstrate how those involved understood what was being collected This approach offers important new insights into the key role played by Folkloristics in the Romantic Nationalistic movement of the early nineteenth century Contributors are Terry Gunnell Joep Leerssen Holger Ehrhardt Timothy R Tangherlini Herleik Baklid Ane Ohrvik Line Esborg Fredrik Skott John Lindow il s N Dhiubhne Almqvist John Shaw Jonathan Roper Kim Simonsen R sa orsteinsd ttir Liina Lukas Pertti Anttonen Ulrika Wolf Knuts and Susanne

**Tales of magic, tales in print** Willem De Blecourt, 2021-06-15 Since the beginning of the nineteenth century folklorists and the general public in their wake have assumed the orality of fairy tales Only lately have more and more specialists been arguing in favour of at least an interdependence between oral and printed distribution of stories This book takes an extreme position in that debate as far as Tales of magic is concerned the initial transmission proceeded exclusively through prints From a historical perspective this is the only viable approach the opposite assumption of a vast unrecorded and thus inaccessible reservoir of oral stories presents a horror vacui Only in the course of the nineteenth century when folklorists started collecting in the field and asked their informants for fairy tales was this particular genre incorporated into a then feeble oral tradition Even then story tellers regularly reverted to printed texts Every recorded fairy tale can be shown to be dependent on previous publications or to be a new composition constructed on the basis of fragments of stories already in existence Tales of magic tales in print traces the textual history of a number of fairy tale clusters linking the findings of literary historians on the sixteenth to eighteenth centuries to the material collected by nineteenth and twentieth century field workers While it places fairy tales as a genre firmly in a European context it also follows particular stories in their dispersion over the rest of the world
