Journey Across the Digital Estate Abbas Kudrati, Binil A. Pillai, 2022-09-01 Zero Trust is the strategy that organizations need to implement to stay ahead of cyber threats period The industry has 30 plus years of categorical failure that shows us that our past approaches while earnest in their efforts have not stopped attackers Zero Trust strategically focuses on and systematically removes the power and initiatives hackers and adversaries need to win as they circumvent security controls This book will help you and your organization have a better understanding of what Zero Trust really is recognize its history and gain prescriptive knowledge that will help you and your enterprise finally begin beating the adversaries in the chess match that is cyber security strategy Dr Chase Cunningham aka Dr Zero Trust Cyberware Expert Today s organizations require a new security approach that effectively adapts to the challenges of the modern environment embraces the mobile workforce and protects people devices apps and data wherever they are located Zero Trust is increasingly becoming the

critical security approach of choice for many enterprises and governments however security leaders often struggle with the significant shifts in strategy and architecture required to holistically implement Zero Trust This book seeks to provide an end to end view of the Zero Trust approach across organizations digital estates that includes strategy business imperatives architecture solutions human elements and implementation approaches that could significantly enhance these organizations success in learning adapting and implementing Zero Trust The book concludes with a discussion of the future of Zero Trust in areas such as artificial intelligence blockchain technology operational technology OT and governance risk and compliance The book is ideal for business decision makers cybersecurity leaders security technical professionals and organizational change agents who want to modernize their digital estate with the Zero Trust approach **Oh Yeah?
