

Mastering Copperplate Calligraphy A Step-by-Step Manual

ELEANOR WINTERS

S

The 'S' in Figures 1, 2, and 3 are variations on the standard 'S'. Each is a loop. Figure 4 can be made in a single stroke.

Figure 1 is connected to the letters of the diagram in Figure 2, so that the only one whose letters carrying the signature.

The difference of a loop to the first loop leads to number 2 which the variation seems easier than the others. This is also a one-stroke letter.

Figure 3, like the first in Figure 1, is a loop, as the standard form of the letter.

O

Each of these 'O's is made in a single stroke. Figure 2 is part of the same family as the 'S' in Fig. 2 (p. 145) and the 'C' in Figure 2 (p. 147).

Figure 3 in Figure 1 and 4 can be connected to the letters following a loop made like in Figure 1 because the loop is in a single stroke.

Figure 4 begins with the loop in number 1 of the standard 'O'. This variation might be considered a better movement.

P

Many of the variations on the 'P' are the same as those of the 'S'. The one on the right is the only one that is different.

The first number of Figure 1 is a loop, with a loop coming from the right, if the loop is not made enough, there isn't the sufficient space for the second stroke.
