The Best of Master Tung's Acupuncture Robert Chu, Ph.d., 2015-12-14 Although Master Tung's Acupuncture has been in the public domain since his untimely passing in 1975 very little information is available publicly on how to use the system in a practical and systematic way in English In this book I hope to guide my fellow colleagues into the intricacies of applying Master Tung Acupuncture in the clinic Since I am also a practicing acupuncturist and deal with pain women's health and internal medicine problems quite frequently I am sharing my clinical experience in this book and the secret of creating the protocols that I use daily with modification I also attempt to explain why I choose a particular protocol and the modification to it In this book I introduce what I consider the Best of Master Tung's Acupuncture There are many books on Master Tung's Acupuncture which introduce all of the 740 Tung family points but often these books may be too much for the beginner and do not let the beginner grasp useful concepts or how to use Master Tung's Acupuncture immediately and effectively Most acupuncturists simply add the Tung points to their already memorized TCM Acupuncture point prescriptions and as a result make a mess out of their acupuncture They do not have a simple and elegant rationale for using the system In my teaching of Master Tung's Acupuncture I always choose points that are painless easily accessible and have powerful immediate results

The Clinical Practice of Master Tung's Acupuncture L Robert Chu PhD, 2016-10-18 In

this book I use a lot of standard acupuncture points along with Master Tung's acupuncture and emphasize the use of channels and imaging for optimal clinical use. If a practitioner can use this work they can have a turnkey approach in the clinic simply by implementing these acupuncture and herbal protocols. The idea is for each disease I have installed cheat sheets for the practitioner to immediately refer to and try to insert needles and prescribe herbs for. The fifth in the series of Master Tung's Acupuncture books, the idea is for someone to start with the Master Tung's Primer, The Best of Master Tung's Acupuncture, Master Tung's Acupuncture for Pain, and Master Tung's Acupuncture for Internal Medicine Disorders. With this manual we will discuss the use of Master Tung's Acupuncture with herbals for even greater clinical success. The book is composed of monographs on each disease, best points to treat the problem, and high percentage success herbal prescriptions to give the patient as homework. Unique is that we only use a handful of both TCM and Master Tung points and a small amount of herbal formulas for a turnkey approach to a clinic. This can be used as a roadmap for the new clinician, improve clinical success for the intermediate practitioner, or provide an alternative approach for the seasoned veteran.

Chinese Medicine Traumatology Robert Chu, 2017-07-25. In this book I hope to guide my fellow colleagues into the intricacies of Chinese Medicine Traumatology and the use of Master Tung's Acupuncture in Acute Care and share the principles and concepts that make it highly useful in the clinical setting. I discuss here the principles and concepts that are used in the clinic and practical use to the Licensed Acupuncturist who is also studied in Chinese Herbal Medicine. The Chinese Martial Artist will also like my approach as I give the background on the herbology of Dit Da Traumatology, the composition of formulas, discuss many famous remedies, and their constitution to teach to make your own custom Rx's and use common patents for acute care and in addition use classical and Master Tung's Acupuncture. This has not been done before by any Tung practitioner. The book is extensively done in Pin Yin and Chinese characters to help practitioners new to the subject to be able to cross reference the herbals in other books. There are thousands of prescriptions for Traumatology and Orthopedics, and after studying the subject for over 30 years and reading major books on the subject in Chinese, I distilled the essentials and approached the work in a practical, straightforward manner to use clinically on a daily basis. It is hoped that the reader can use these principles and concepts here and achieve amazing results in his or her practice as these are what I use in my own practice daily with amazing results.

Disorders L. Robert Chu Phd, Robert Chu, Ph.d., 2015-12-08 Although Master Tung s Acupuncture has been in the public domain since his untimely passing in 1975 very little information is available publicly on how to use the system in a practical and systematic way in English In this book I hope to guide my fellow colleagues into the intricacies of applying Master Tung Acupuncture in the clinic Since I am also a practicing acupuncturist and deal with Internal Medicine problems quite frequently I wrote these based on the protocols that I use daily Each of these protocols has been personally used by me one time or another in the clinic Many of these are also the same protocols I used when I work daily in my private clinic Since I am a visual person and I like things in a simple manner I have placed the pictures of the points indicated for the various ailments together to make it as simple as possible for the practicing acupuncturist to use in his or her clinic I dislike overly drawn out discussions on theory but prefer that application be one s guide I also dislike secrecy so I hold back no alleged secrets from anyone who wants to learn the real art My goal is to help end suffering in the world and help English speaking acupuncturists improve their proficiency through the vehicle of Master Tung s Acupuncture *Advanced Tung Style*

Acupuncture Vol. 5 James H. Maher, Ching Chang Tung, 2011-08-15 This series of books presents copious acupuncture prescriptions gathered from the English and Chinese language Tung Acupuncture literature in the translator s personal library More than 15 different sources were referenced several currently out of print He has compiled collated and translated all the prescriptions proffered by Wei Chieh Young Min Chuan Wang Palden Carson Robert Chu Esther Su Richard Tan Miriam Lee and Susan Johnson and applied accompanying diagrams for each clinical entity to facilitate their application Included are author specific point locations needling instructions contraindications and when available clinical comments lifestyle modifications etc all direct clinical experiences with Master Tung s Acupuncture Tung Style Acupuncture was brought to Taiwan from mainland China by Master Tung Ching Chang in 1949 when he left China with the Kuomintang KMT army under General Chiang Kai Shek His acupuncture style was thus spared from the synthesis of the New Medicine engendered as a consequence of the 1958 dictum by P R C Chairman Mao Ze Dong to create a New Medicine i e to unify the best parts of Western and Chinese medicine Ergo the Tung Style escaped the efforts to compel acupuncture to conform to the model espoused by the TCM herbalists who had been assigned to the task of inventing this New Medicine forcing the proverbial square peg into a round hole As a system Tung Style Acupuncture does not necessitate the use of the diagnostic methods or terminology adopted by contemporary herbalist driven TCM acupuncture this renders the Tung Style Acupuncture well suited for use by non TCM trained clinicians Furthermore the clinical results obtained using the Tung Style Acupuncture often far surpass those achieved through the use of TCM acupuncture especially in the West This is in part because Western patients seldom conform to an exact mold of a single TCM pattern W **Master Tung's Acupuncture for**

attended my seminars could read quickly and immediately familiarize themselves with the core concepts imaging channel
methods have a few go to points and immediately apply the magic of Master Tung's Acupuncture in the clinic It is not
exhaustive in theory details or intricacies but shows the power of the system to a TCM trained acupuncturist and immediately
benefit by it When I first started working with Master Tung's Acupuncture in acupuncture school I read the available books
of that time and wished there was a simple book to present the information Since the average acupuncturist already is
familiar with over 400 points why scrap that and begin another system But in the way I wrote this Primer they can simply add
to the information they have and then immediately apply this in the clinic There are many books on Master Tung's
