The National Incident Management System NIMS provides a consistent nationwide template to enable Federal State tribal and local governments nongovernmental organizations NGOs and the private sector to work together to prevent protect against respond to recover from and mitigate the effects of incidents regardless of cause size location or complexity NIMS represents a core set of doctrines concepts principles terminology and organizational processes that enables effective efficient and collaborative incident management This consistency provides the foundation for utilization of NIMS for all incidents ranging from daily occurrences to incidents requiring a coordinated Federal response Homeland Security Presidential Directive 5 HSPD 5 Management of Domestic Incidents directed the development and administration of NIMS The NIMS documents integrate best practices into a comprehensive framework for use by emergency management and response personnel in an all hazards context nationwide HSPD 5 requires all Federal departments and agencies to adopt NIMS and to use it in their individual incident management programs and activities as well as in support of all actions taken to assist State local and tribal governments State local and tribal governments are not required to participate in NIMS or adopt these best practices As applied to non Federal entities NIMS documents contain guidance that is not legally binding However in order to participate in NIMS and to be considered NIMS compliant it is necessary for entities to adhere to the standards practices and or minimum criteria presented in the NIMS guidance documents It is also important to note that although a State local or tribal government or NGO is not required to apply for Federal preparedness assistance HSPD 5 requires Federal departments and agencies to make adoption of NIMS by State local and tribal governments and NGOs a condition for Federal preparedness assistance through grants contracts and other activities

*FEMA and Regional Preparedness Martha*

Atkinson,2016 *Fema Incident Management and Support Keystone* U.s. Department of Homeland Security,2011-01 This document describes key tenets and concepts for managing operations It is an important foundational support element of the Agency s new overarching FEMA Publication 1 It also provides a reviewed commitment to the National Response Framework the principles of disaster recovery the National Incident Management System and will provide a foundation for our continued effort to empower the Regions and emergency managers in the field *FEMA Publications Catalog* United States. Federal Emergency Management Agency,2001 **Fema National Incident Support Manual** U. s. Department of Homeland Security,Federal Emergency Management Agency,2013-02-27 The National Response Coordination Center NRCC is a multiagency center that provides overall Federal support coordination for major disasters and emergencies including catastrophic incidents and emergency management program implementation Staffed by the National Response Coordination Staff NRCS the Department of Homeland Security DHS Federal Emergency Management Agency FEMA maintains the NRCC as a functional component of the National Operations Center NOC in support of incident support operations at the regional level Upon activation the NRCS provides national level emergency management by coordinating and integrating resources policy guidance situational awareness and planning in order to support the affected region s The FEMA National Incident Support Manual describes how FEMA national staff support FEMA incident operations and briefly discusses steady state activities pertinent to incident operations This manual defines the activities of Federal assistance across the nation and within FEMA s statutory authority supporting citizens and first responders in responding to recovering from and mitigating all hazards It includes definitions and descriptions of roles and responsibilities functions and organizational structures for those conducting FEMA incident support duties thus forming the basis from which FEMA personnel plan and execute their assigned missions This manual also serves as the basis for developing related guidance procedures handbooks incident guides training materials etc This manual will also discuss how NRCS procedures are relevant to all personnel FEMA other Federal agencies nongovernmental organizations and the private sector who are either assigned to or coordinating with the NRCS The NRCS is aligned by the functions it performs to meet the FEMA mission This has the following advantages NRCC structure is aligned to its primary Missions Planning support situational awareness resources support and National Response Center and Staff support are addressed as separate functions No redundancy of function exists between incident the regional level and the national level The alignment makes resource support efficient The alignment promotes unity of effort **The Federal Emergency Management Agency (FEMA)** C. V. Anderson,2002 The Federal Emergency Management Agency FEMA assists states and localities overwhelmed by or at risk from disasters FEMA also co ordinates emergency management activities and planning for the continuity of government should national security be threatened Since 1979 FEMA has administered a range of authorities that enable the agency to serve as the primary source of federal technical and financial assistance for emergency management Among the types of aid provided through FEMA programs are grants and material to

help disaster victims meet pressing needs such as food and shelter education and training programs to improve the response capabilities of non federal officials and mobile communications equipment FEMA exercises little regulatory authority but directives that underlie the agency s mission authorize the agency to establish standards for reconstruction of buildings after a disaster declaration is issued for the construction of federal buildings in earthquake prone areas and for the operation of first responder equipment FEMA has responded to and has helped communities prepare for terrorist attacks in the United States The Office of Homeland Security OHS established by President Bush subsequent to the attacks in 2001 has a similar but more encompassing mission related to disasters caused by terrorist actions Congressional debate on the contours and framework for federal administration of homeland security might include consideration of FEMA s mission the extent to which that mission overlaps with the assignments given the new OHS and a new structure or set of authorities for that agency
