Less Is More in Elementary School Renee Rubin, Michelle Abrego, John Sutterby, 2014-10-10 In this era of rigorous

standards testing and overcrowded curricula many teachers are left wondering how they're ever going to cover the material. *Less Is More in Elementary School* offers realistic solutions by providing ways teachers can streamline their curriculum, get the most out of assessment, communicate with families and engage students in their own learning. This much-needed book will help you meet the demands of the Common Core more efficiently and effectively. You'll learn how to integrate the curriculum so that you can take time to slow down and explore topics in depth, help students become critical readers, problem solvers, collaborators and communicators, make students more engaged, reflective and self-regulating, get the most out of assessment during this era of high-stakes testing, maintain high expectations for all students but modify instruction to ensure all students progress, communicate more effectively with families to build trust during a time of change and high-stakes assessments and overcome obstacles such as the emphasis on testing, the need for more technology and finding teacher collaboration time. Each chapter is filled with practical strategies that you can implement immediately as well as suggested resources for learning more about a particular topic.

Resources in Education, 1998 *Concept-Based Curriculum and Instruction* H. Lynn Erickson, 2002-04-18 In this book, the author provides specific strategies for designing and developing a seamless learning programme that teaches students to grasp broad concepts and integrate the information they have learned. This is a companion volume to the author's *Stirring the Head, Heart and Soul*, Second Edition, and an ideal resource for teachers, curriculum developers and staff developers who must guide students toward higher academic standards for content knowledge, process abilities, quality performance and school-to-work transitions.

Schools Behind Barbed Wire Karen Lea Riley, 2002 Often overlooked in the infamous history of U.S. internment during World War II is the plight of internee children. Drawn from personal interviews and multiple primary source materials, *Schools Behind Barbed Wire* is the story of the boys and girls who grew up in the Crystal City, TX internment camp and spent the war years attending one of its three internment camp schools. The Literacy of Play and Innovation Christiane Wood, 2019-01-15 *The Literacy of Play and Innovation* provides a portrait of what innovative education looks like from a literacy perspective. Through an in-depth case study of a maker school's innovative design in particular of four early childhood educators' classrooms, this book demonstrates that children's inspiration, curiosity and creativity is a direct result of the school environment. Presenting a unique data-driven model of literacy, play and innovation, taking the maker movement beyond STEM education, this book helps readers understand literacy learning through making and the creative approaches embedded in early literacy classroom practices.
