## **From Sound To Symbol Fundamentals Of Music:**

From Sound to Symbol Mícheál Houlihan, Philip Tacka, 2009 In this text workbook designed for one semester music fundamentals courses for non majors readers will learn the rudiments of music theory as they methodically explore how music is organized and perceived as listeners performers critical thinkers and composers Research from the field of music perception and cognition suggests that teaching music through a sound to symbol approach is an effective way of teaching both musical thought and music knowledge a perspective that is just the opposite of what is currently found in music fundamentals texts Using a perceptual orientation improves the development of aural acuity and links student s intuitive understanding of music to conceptual knowledge While the authors approach is influenced by the Kodaly concept of music education the text does not presuppose familiarity with Kodaly studies and can easily be used without it The text s most important innovation is the early emphasis on active music making which is supported by workbook activities At the same time the text clearly covers all of the topics found in music fundamentals courses To support this innovative approach and because this course is often taught by teaching assistants and adjuncts the authors have written an Instructor s Manual that includes lesson plans PowerPoint slides teaching tips on how to assess learning in the course and suggestions for scoring tests The text includes a fold out laminated keyboard an audio CD of songs discussed in the text and a Technology CD that contains examples and exercises to supplement the text

**Line by Line** Stephanie L. Standerfer, 2019 In *Line by Line* author Stephanie L. Standerfer harnesses years of pedagogical expertise in a practical guide to promote music learning by experience rather than imitation and memorization Using well known songs and a variety of instrumental accompaniments for all skill levels lesson plans encourage students to first learn music conceptually by internalizing the sound and feeling before learning musical symbols The lesson plans are tailored for five to seven spiraled class periods and take every student into consideration by suggesting ways to address specific student needs for those who need more time to process
