**Managing Successful Universities** Shattock, Michael, 2010-09-01 Professor Mark Taylor Dean Warwick Business School University of Warwick

**The Good Web Guide** Arabella Dymoke, 2004 This guide has been completely revised and updated The authors have revisited all the websites recommended in the first edition and cut out the dead wood bringing the book thoroughly up to date It is aimed at every family and household

**Language and Power** Andrea Mayr, 2008-08-21 How language is used in institutions and how institutions generate language is a key concern of both sociolinguistics and social theory This readable and comprehensive introduction to language and power in institutions combines theoretical reflection with a strong analytical focus Covering a range of institutional discourses and settings each chapter in Language and Power closely examines institutional discourse practices and provides detailed steps to the critical analysis of institutional discourse both linguistic and multimodal This book is a long overdue contribution to the analysis of the way that institutions have the power to shape our thinking and understanding of the world and to construct identities Key Features This book contains fascinating examples from a variety of institutional contexts including academia prison media and the military It brings together insights from multimodal critical discourse analysis social theory media studies and corpus analysis It is essential reading for advanced undergraduates and postgraduates doing sociolinguistics media studies communication and cultural studies

**The Essential Guide to Postgraduate Study** David Wilkinson, 2005-10-10 Presents advice and guidance for postgraduate students in Great Britain covering such topics as the application process research proposals academic writing networking and teaching opportunities

**Rankings and the Reshaping of Higher Education** Ellen Hazelkorn, 2015-03-23 University rankings have gained popularity around the world and are now a significant factor shaping reputation This second edition updates Ellen Hazelkorn's first comprehensive study of rankings from a global perspective drawing in new original research and extensive analysis It is essential reading for policymakers managers and scholars

**University Rankings** Jung Cheol Shin, Robert K. Toutkoushian, Ulrich Teichler, 2011-06-06 This ground breaking and exhaustive analysis of university ranking surveys

scrutinizes their theoretical bases methodological issues societal impact and policy implications providing readers with a deep understanding of these controversial comparators The authors propose that university rankings are misused by policymakers and institutional leaders alike They assert that these interested parties overlook the highly problematic internal logic of ranking methodologies even as they obsess over the surveys assessment of their status The result is that institutions suffer from short termism realigning their resources to maximize their relative rankings While rankings are widely used in policy and academic discussions this is the first book to explore the theoretical and methodological issues of ranking itself It is a welcome contribution to an often highly charged debate Far from showing how to manipulate the system this collection of work by key researchers aims to enlighten interested parties *The Global Academic Rankings Game* Maria

Yudkevich, Philip Altbach, Laura Rumbley, 2016-03-02 The Global Academic Rankings Game provides a much needed perspective on how countries and universities react to academic rankings Based on a unified case methodology of eleven key countries and academic institutions this comprehensive volume provides expert analysis on this emerging phenomenon at a time when world rankings are becoming increasingly visible and influential on the international stage Each chapter provides an overview of government and national policies as well as an in depth examination of the impact that rankings have played on policy practice and academic life in Australia Chile China Germany Malaysia the Netherlands Poland Russia Turkey the United Kingdom and the United States The Global Academic Rankings Game contributes to the continuing debate about the influence of rankings in higher education and is an invaluable resource for higher education scholars and administrators as they tackle rankings in their own national and institutional contexts Admission Matters Sally P. Springer, Joyce Vining

Morgan, Nancy Griesemer, Jon Reider, 2023-06-23 The most up to date version of the best selling guide to college admissions for over twenty years Newly revised and thoroughly updated the fifth edition of Admission Matters continues to be the go to guide for students and families seeking help with the college admissions process Higher education experts Sally P Springer Ph D Joyce Vining Morgan Ph D Nancy Griesemer M A and Jon Reider Ph D deliver a practical and accessible roadmap for a successful admissions outcome whether the student is a high school freshman or a senior about to apply to college Reassuring and easy to read Admission Matters provides deep insight into a process that has become increasingly complex and unpredictable with each passing year In the fifth edition readers will learn how to build a balanced college list when to apply what goes into crafting a compelling application how colleges make decisions how financial aid works and more Admission Matters offers real world expert advice for all students whether they re aiming for an Ivy or a state school close to home The book provides practical guidance for students and families whether they come from an under resourced background or one that has provided abundant opportunities Admission Matters also includes much needed information for students with special circumstances including students with disabilities international students transfers and non traditional students Athletes artists and performers and homeschoolers will also have many of their questions answered as they plan for

and apply to college Admission Matters also provides the latest information on The shift to test optional or test free admissions at many schools and what that means for you The transition to an adaptive digital format for the SAT Changes to the federal process for financial aid What selective colleges are increasingly looking for when faced with growing numbers of applications Differences among colleges and how to choose the best fit schools Early decision and early action applications and when they make sense And much more The latest edition of Admission Matters remains the gold standard in guides to the ever changing and often intimidating process of college admissions

**University Rankings, Diversity, and the New Landscape of Higher Education**, 2019-02-18 University rankings are a relatively new phenomenon in higher education Although quite an established practice in the U S it is only within the last decade that attempts to analyse university performance have spread to the rest of the world and that we also have seen new global rankings appear rankings attempting to measure university performance beyond national borders No wonder that this trend is accompanied by a growing interest in studying rankings throughout the world This book is written as part of the effort to better understand rankings and their effects on higher education A serious approach towards university rankings implies that rankings should be analysed properly including the methods used and the indicators chosen and investigate the objectives claimed If university rankings are considered as consumer information then everyone should have an interest in basing such guidance on valid and reliable data and methodology A serious analysis should also discuss the wider implications of rankings as an emerging phenomenon in higher education Consequently the contributions to this book investigate and analyse how different rankings work how they reach their conclusions and on what data and methodology they are built Furthermore it provides a critical reflection about the impact of rankings on higher education how and in what way rankings influence policy making the structure of the sector or the internal life of the sector

**Bright Star in the Present Prospect** Ian Dunn, 2015-10-19 An illustrated history of the University of Chester charting its progress from the foundation as Chester Diocesan Training College in 1839 to the achievement of university status in 2005 and subsequent consolidation as a leading higher education institution in the region

Private Education In Singapore: Contemporary Issues And Challenges Choon-yin Sam, 2017-05-23 Not much has been written about the private education sector in Singapore despite the fact that the sector houses about 300 private education institutions PEIs and enrolls about 150 000 students Private Education in Singapore Contemporary Issues and Challenges is an exciting book that aims to fill a gap in the literature In the book the author offers an extensive discussion on i the key elements of the sector types and features of the PEIs ii the regulatory framework for private education iii students aspiration and the impact of the ASPIRE report on PEIs and iv the provision of external degree programme through transnational partnership The book also tackles the hotly debated discussion in relation to academic quality and standard of PEI courses The author identifies the reasons some of them have more characteristics of a myth and suggests a number of ways to overcome the issues and challenges

**The Governance of British Higher Education** Michael

Shattock, Aniko Horvath, 2019-10-03 Book of the Week Times Higher Education Forms of institutional governance critically shape the culture creativity and academic outcomes of higher education The book provides a new updated and research based account of the changing face of the governance of British higher education Historically British universities were deemed amongst the most if not the most autonomous in Europe with governance rooted in their collegial disciplinary structures This assessment must now be decisively revised although the belief systems deriving from it remain buried deep in university culture Drawing on the authors investigation of the governance of higher education in the four UK nations including extensive on site interviews and discussions with government policy makers the book shows how global national and system level pressures have changed the face both of the external governance of higher education institutions and how universities govern themselves Government priorities new funding methodologies and marketisation have all played a part in this process Since the mid 1980s there have been drastic changes in the external environment reinforced by the increasing diversity within the higher education system as a whole and between the national sub systems In addition a new private sector of higher education has been created New forms of institutional governance are emerging which may have profound effects on research and teaching and on academic creativity and innovation The study discusses the effects of a state regulated system compared with the more heterarchical system which preceded it It offers a comparison of the effects of devolved governance to Wales Scotland and Northern Ireland on the respective higher education systems and their impact on institutional governance The study concludes that England is becoming increasingly an outlier and discusses the long term implications for the coherence of a British higher education system      Postgraduate Study in the UK Nick Fosskett, Rosalind Fosskett, 2006-09-05 This book provides essential guidance for all students who are thinking of studying for a postgraduate qualification in Britain Alongside detailed information about the British university system from the application process to the viva Nicholas and Rosalind Fosskett provide readers with an introduction to other essential pastoral and practical aspects to study in Britain Immigration regulations living and working in Britain cultural mores and expectations of student life finance and support systems Postgraduate Study in the UK The International Student s Guide is easily accessible and is essential reading for anyone thinking about or already enrolled on a postgraduate course in the UK who is less familiar with the unique character of the British HE system and unfamiliar with British culture in general SAGE Study Skills are essential study guides for students of all levels From how to write great essays and succeeding at university to writing your undergraduate dissertation and doing postgraduate research SAGE Study Skills help you get the best from your time at university Visit the SAGE Study Skills hub for tips resources and videos on study success      *Making the Grade* Bill Jones, 1990 The focus here is on the production of high quality written work and the essential skills for good writing understanding assignments planning essays and clear thinking grammar and punctuation appreciation of written style tackling exam questions This and the first volume on orienting oneself as a student verbal communication and listening
