Creating Global Bonds, Grade 12 Carla C. Johnson, Janet B. Walton, Erin E. Peters-Burton, 2023-03-21

What if you could challenge your twelfth grade students to explore energy consumption and climate change in their own communities and connect that information with other communities around the world? With this volume in the STEM Road Map Curriculum Series, you can. **Creating Global Bonds** outlines a journey that will steer your students toward authentic problem solving while grounding them in integrated STEM disciplines. Like the other volumes in the series, this book is designed to meet the growing need to infuse real-world learning into K-12 classrooms. This interdisciplinary three-lesson module uses project and problem-based learning to help students create an action plan to address issues of energy consumption and climate change, exploring the topic at both local and global levels. Students will gather data on energy consumption and climate change in their communities, partnering with international students to undertake problem-solving activities that examine issues that are both common and unique to each community. To support this goal, students will do the following: Identify modes and trends in energy consumption in their communities and regions; Analyze how those patterns of energy consumption impact climate change; Partner with students internationally to coordinate efforts to synthesize energy consumption data and discern connections across contexts, taking the form of an

international blog Design and present an action plan to address issues of energy consumption and climate change ultimately delivering a white paper and interactive web based presentation on local and international issues of energy consumption and climate change The STEM Road Map Curriculum Series is anchored in the Next Generation Science Standards the Common Core State Standards and the Framework for 21st Century Learning In depth and flexible Creating Global Bonds can be used as a whole unit or in part to meet the needs of districts schools and teachers who are charting a course toward an integrated STEM approach
