

# 5 ADJUST THE MOWER TO SUIT YOUR GARDEN

In chapter 4 (Page 41) in the (Special) Manual  
 You will find a few tips about important settings for your Automower®.  
 All settings for Automower® are made using the remote functions.

## ADJUST THE MOWER TO SUIT THE SIZE OF YOUR GARDEN

The mowing results depend on mowing time. Before the mowing starts in your garden using the Zone function, if the mower reaches the position, the time will appear on the display.

If the mower reaches the address, the time will not be properly set.

## TIME

The time when the mower starts mowing is set to 00:00:00. The time when the mower starts mowing is set to 00:00:00. The time when the mower starts mowing is set to 00:00:00.

## ADJUST THE MOWER FOR NARROW PASSAGES

Narrow passages in the garden make it difficult for the mower to find the charging station. You can set if the mower starts mowing using the Start/Stop function.

1. Look for the narrow passage in the garden between the charging station.
2. Place the mower beyond the passage, with its front facing the charging station.
3. Activate the Start/Stop function. After the Start/Stop, the mower starts mowing.
4. Ensure that the mower follows the boundary line through the passage.
  - a. If the mower reaches through the passage, the mower completes.
  - b. If the mower does not travel through, lower the value of the boundary width, (boundary) by 1 cm. Repeat the test from point 1.

## CHARGE WITH BATTERY

Charging with battery power. The mower starts with battery power. When the battery is low, the mower starts charging. When the battery is low, the mower starts charging. When the battery is low, the mower starts charging.

Image: Battery status - low

## QUICK TIP

In chapter 14 (Boundary of the garden) in the (Special) Manual  
 If you have a complex garden, you can use narrow passages from there. For 1-10, we recommend installing a guide wire.

The guide wire is a wire that is run from the charging station, and around a narrow part of the garden, and through a narrow passage. The mower can follow the guide wire to and from the charging station.
