Palliative and End of Life Care for Paramedics Tania Blackmore, 2022-04-18 So much emphasis in paramedic practice is placed on saving lives and so how can you provide the best care for patients who are approaching the end of theirs Knowing when it is appropriate to transfer palliative and end of life patients to hospital can be challenging as there are often many complex factors at stake which can have an impact on both patients and their families Digging deep into the ethical and clinical aspects of working with palliative patients as a paramedic this book is the go to resource to enable you to act within

the patient's best interests and provide the most appropriate and effective care. Key features include Twenty four case studies covering a range of relevant topics to help apply principles to your own practice. Clinical information on symptom control and pain management. Written specifically for paramedics by a range of specialist authors. Designated chapters on the role of the paramedic in palliative care, palliative care emergencies and personal resilience. Full colour diagrams throughout. Since the onset of the COVID 19 pandemic we are all more aware of the importance of patient centred palliative care, this book is full of tips and techniques to help you feel more confident in ensuring patients not only die well but also live with dignity and comfort.

Managing Childbirth Emergencies in the Community and Low-Tech Settings Karen Bates, Kenda Crozier, 2015-05-01. Health care professionals need to make rapid decisions under pressure to prevent and manage adverse outcomes during childbirth. Using an enquiry based learning approach, this book offers a straightforward but comprehensive guide to emergency care with scenarios throughout and expert commentary from a Supervisor of Midwives. It addresses all major emergency situations as well as legal and clinical governance issues. It is essential reading for all midwives, paramedics and allied health professionals involved in the provision of obstetric care away from the acute setting.

Rural Healthcare Jim Cox, Christopher Clark, Tim Sanders, 2023-03-23. Rural Healthcare was the first textbook of rural medicine in the UK. In this fully revised second edition, it continues to fulfil the requirement for a resource dedicated to the particular needs of those living and practising in rural areas. Offering an authoritative, informative, evidence-based practical reference book, it is required reading for undergraduate and postgraduate students of rural healthcare, a foundation for rural healthcare curriculae and an inspirational read. It is invaluable for both intending and established rural primary healthcare workers, including general practitioners, nurses, midwives, paramedics, therapists, managers and administrators.

Ambulance Care Clinical Skills Richard Pilbery, Kris Lethbridge, 2022-12-20. Clinical procedures are vital to delivering safe and effective patient care within the prehospital setting, but it is not always easy remembering each step accurately during a time-critical situation. Packed with over 80 clinical procedures, this book is the go-to guide to familiarise yourself with the correct sequence and techniques for a range of different skills. Including both fundamental and more advanced paramedic procedures, it makes each procedure as easy to understand as possible, with detailed step-by-step guidance and full colour illustrations. Not only does the book explore prehospital skills in detail, it also provides the rationale and evidence behind them, so you can fully understand the underlying principles and feel more confident in your practice as a prehospital practitioner. Sections include Patient assessment, Airway, Breathing, Circulation, Drug administration, Trauma, Cardiac arrest, Infection prevention and control.

Ambulance Services Paresh Wankhade, Kevin Mackway-Jones, 2015-09-19. This volume provides fresh insights and management understanding of the changing role of ambulance services against the backdrop of massive cuts in health budgets around the world and the changing context of pre-hospital care within the wider healthcare networks. The challenges of funding, training and cultural transformation are now felt globally. The need to learn and adapt

from suitable models of ambulance service delivery have never been greater The book offers critical insights into the theory and practice of strategic and operational management of ambulance services and the leadership needs for the service One of the highlight of this volume is to bring together scholarship using experts academics practitioners and professionals in the field to each of the chosen topics The chapters are based in the practical experiences of the authors and are written in a way that is accessible and suitable for a range of audiences We are confident that this book will cater to a wider audience to inform policy and practice both in the UK and internationally Paresh Wankhade is Professor of Leadership and Management at Edge Hill University UK Kevin Mackway Jones is the Medical Director at North West Ambulance Service NHS Trust UK Endorsements This unique and valuable publication charts the history and development of the ambulance service in England over the last hundred years or so The role of this key emergency service has always been important and arguably never more so than today The contributing authors have not only provided the reader with great insights into where the service has come from and the leadership challenges it has and continues to face it also gives examples of how the future could look as our journey of transformation continues Peter Bradley CBE MBA and author of Taking Healthcare to the Patient 2005 Chief Executive Officer St John National Headquarters New Zealand With a year on year increase in demand for emergency ambulances and over 9 million calls annually the UK Ambulance Service must change from its emergency care and transport focus model With the increase in professionalism of paramedics and an uplift in assessment and clinical skills the modern paramedic is increasingly able to treat at home direct patients with alternative care pathways and avoid transportation to overburdened Emergency Departments Whilst there is some historical and cultural resistance to change there is a need for further development in clinical skills and a new perspective for the future Ambulance Service This book brings together practitioners managers academics and provides a broad understanding of the major management issues in the UK Ambulance Service It includes the history of the Ambulance Service quality and risk management issues commissioning leadership intra operability and shape of the future ambulance service The content will be of interest to students practitioners and academics Sir Keith Porter Professor of Clinical Traumatology University Hospitals Birmingham NHS Foundation Trust United Kingdom
