Equipment Manufacturer and Aftermarket route guidance and navigation system functions for passenger vehicles The  
methods apply only to the presentation of visual information and the use of manual control inputs to accomplish a navigation

J2365 addresses the calculation and measurement of the time needed to accomplish in vehicle visual manual tasks It was  
prepared and adopted in 2015 One goal of the review and revision at that time was to revise SAE J2365 to include useful
