Ltd, 1966. Matchbox Toys Nick Jones, 2016-10-20 Matchbox toys were ubiquitous items for children across the Western world. Originally labelled Christmas cracker trash by retailers and shopkeepers the small scale 1/75 series soon began to see unprecedented worldwide sales in the 1950s. Smaller and cheaper than most of its competitors toys Matchbox models were also far more accurately modelled but the company has nevertheless seen its own share of competition and challenging times over the years. In this beautifully illustrated book Matchbox collector Nick Jones tells the story of Matchbox and its most famous toys from the Coronation Coach to Hotwheels dragsters and complements the story with beautiful previously unpublished photographs. The Unauthorized Encyclopedia of Corgi Toys Bill Manzke, 1997-08-28 Hop in for a complete tour of the tiny world this British toy maker created. Explore four decades of diecast production following the route the industry took as it shed outdated techniques for state of the art cars James Bond would have been proud of. Written from the unique perspective of an American collector the book presents topics never before discussed in print chronicling the rise fall and rebirth of Corgi Toys all illustrated with hundreds of color photos of models and memorabilia never before seen in print. The smaller Husky and Corgi Juniors lines often neglected in other books are also covered. Other sections examine Corgi clubs marketing packaging memorabilia and special interest groupings. Most importantly this encyclopedia presents the most complete variation listing and value guide published to date including sections covering Corgi Husky and Juniors models from their introduction through the present day.
